The beauty of this approach is that we can all achieve whatever we want; we just need to go after it. With unique lessons such as 'Don't be afraid to make mistakes along the way. LIFE The Year in Pictures Nov 04 2022 Many other periodicals now  
publish their versions of a year-in-review each December, and they  
include in their pages photography. But LIFE, the most respected brand  
when it comes to pictures and also a trusted source of smart, honest,  
unbiased journalism, invented the Year in Pictures-and LIFE's volume  
remains the one a reader must have. This is the book for the footlocker.  
This is the book to be read now, a year from now, ten years from now.  
This is our human history, captured in the moment by the world's best  
photojournalists and put into complete context by LIFE's editors. In  
politics, Barack Obama, John Boehner and Sarah Palin are all players in  
2011, and in Hollywood Mark Wahlberg is on top, and Angelina Jolie  
remains there. Neil Diamond and Alice Cooper go into rock's Hall of  
Fame, while Miley Cyrus, Justin Bieber and Selena Gomez take another  
step out of childhood and into adulthood will they continue on with great  
success, and for that matter, what will Britney and Lindsay offer us this  
year? Who will Glee salute next? The rumors include the Boss. Tom  
Brady may win again, and so might Tiger Woods . . . Then again, they  
might not. The Williams sisters must still be reckoned with, as must  
Lindsay Vonn, who shoots for another World Cup skiing championship.  
The floods that ruined parts of California and the blizzards that whacked  
New England made for dramatic pictures, and for pain. Whether the  
country felt greater pain than it did early in the year when a universally  
well-liked congresswoman, Gabby Giffords, was targeted by a gunman,  
and when six innocents, including a nine-year-old girl were killed-well,  
whether that grief will be exceeded is yet to be determined. LIFE will be  
there to measure it, record it, and put it in perspective. LIFE invented  
The Year in Pictures, and does it like no one else.

**LIFE 50 Years of James Bond** Jul 28 2019 Fifty years (and five billion dollars in ticket sales) ago, the dashing Scottish actor Sean Connery

declared suavely that he was "Bond, James Bond." Thus began a cinematic series unlike any other. In November 2012, Skyfall, the 23rd movie in what is seen as the authorized line of Bond films, will be released, with Daniel Craig (the sixth Bond) again in the lead role. The world will once more stream to the theaters for another dose of Bond. LIFE was on the scene in the swinging '60s when James Bond became a cultural icon (in fact, when we put the gold-painted actress Shirley Eaton on the cover in 1964, we helped him along), and now LIFE tells the whole story in this commemorative book. Ian Fleming, a high-ranking officer in British Naval Intelligence of World War II, dreamt up his MI6 spy, code number 007, in 1953, and a decade later, with Dr. No, From Russia With Love and then the smash Goldfinger, saw his creation take on a life entirely his own. All the fun of Bond is here: The movies; the reminiscences by the stars; the LIFE photo shoots; the knockoffs and spoofs ("The Man from U.N.C.L.E.;" "Get Smart;" "I Spy;" the first Casino Royale); the artifacts (a model of Bond's Aston Martin DB5 was one of the best-selling toy of 1965); the trivia and inside information on M, Q and Moneypenny-anything a Bond fan would want, packed into one book and then shaken, not stirred. James Bond was, back in the day, one of those cultural phenomena tailor-made for LIFE: It was bright and colorful and vibrant. Today, it still is. Happy birthday, and welcome back, Commander Bond.
