**Lingerie Design** Nov 05 2020 The design of lingerie is often seen as a mystery, even by professionals working in other sectors of the fashion industry. This book explains the processes at work and the many unexpected influences that inform the choice of color, silhouettes, and decoration. The book documents the rise of the deluxe lingerie brand. This interest in luxury labels has led many young designers to choose lingerie as a creative outlet - conscious of fashion, but also with a clear view of their own 'lingerie world'. The book features the work of 30 lingerie designers from around the world, bringing out the individuality of each designer and providing a compelling insight into their working methods. Beautifully illustrated throughout, it presents inspirational images from the designers' collections alongside their sketches and mood boards. In this book, Pamela Powell takes a very practical approach, showing how to design and construct lingerie, sleepwear, and foundation garments. Step-by-step illustrations demonstrate the basic slopers and show how to manipulate them into different styles. Advice is given about how to work with the specialty fabrics used in the industry including woven, knit, power stretch, and bias-cut fabrics. Specially commissioned photographs and diagrams are used to showcase construction techniques specific to lingerie including boning, elastic, and lace insertion, and how and where to use the myriad of closures available. A final chapter on embellishment shows how to add unique and personal touches to garments and apply that luxurious finish.

**Magic** Sep 27 2022 Magic is everywhere, from the big spectacle celebrity of David Copperfield and Siegfried and Roy to the quirky Penn and Teller to the spooky David Blaine and Criss Angel to the endless material on YouTube. But until now, learning it has never been easy—that's all about to change with Magic, a book that does for close-up magic what How to Grill does for barbecue. Written by charismatic young magician Joshua Jay, Magic combines expertise, photographs, and step-by-step directions showing how to perform 100 tricks. Joshua Jay took home the top prize at the World Magic Seminar (the Olympics of magic) when he was just 16 years old. Now he continues to perform magic, write about magic, eat, sleep, and breathe magic. Here, he brings all his passion and knowledge to teaching magic. Each trick is broken down into the Effect, the Secret, the Set-up, and, most important, the Performance, with lessons on what to say, how to direct the audience's attention, where to keep your hands, and so on. (In other words, how to be smart about the things your audience is surprisingly clueless about.) Here are the Ten Greatest Card Tricks; tricks to dazzle a dinner date; tricks to perform for the boss (poke a hole through his shirt, then magically mend it); tricks especially for kids; and even tricks for an audience in another state—with "Australian Self-Help," you can find a participant's chosen card over the phone. It's the Aha! book for a subject whose time has come.
