South Bronx Rising Sep 19 2021 Thirty-five years after this landmark of urban history first captured the rise, fall, and rebirth of a once-thriving New York City borough—ravaged in the 1970s and '80s by disinvestment and fires, then heroically revived and rebuilt in the 1990s by community activists—Jill Jonnes returns to chronicle the ongoing revival of the South Bronx. Though now globally renowned as the birthplace of hip-hop, the South Bronx remains America's poorest urban congressional district. In this new edition, we meet the present generation of activists who are transforming their communities with the arts and greening, notably the restoration of the Bronx River. For better or worse, real estate investors have noticed, setting off new gentrification struggles.

On Her Majesty's Secret Service Oct 28 2019 James Bond 007 is back! Bond is approached by a crime boss to marry his daughter and in return both father and daughter help 007 hunt for his archenemy, Ernst Stavro Blofeld. Whilst on leave, British agent James Bond prevents a young woman, Tracy Draco, from committing suicide. Her father is the head of a powerful crime syndicate who is impressed by Bond and wants him to protect his daughter by marrying her. In exchange he offers Bond information which will lead 007 to his arch enemy Ernst Blofeld. At first Bond agrees to the deal purely to fulfil his objective to kill Blofeld but later he grows to love Tracy but when the British learn that Blofeld plans to destroy mankind with a deadly virus, 007 is torn between his loyalty to his county and his intent to marry Tracy.

Rapid Transit Comes to the Bronx Mar 14 2021 After the merger of New York City and lower Westchester in 1874, there was a heightened interest in extending rapid transit lines across the Harlem River into this new section of the city. The newly acquired land was a mixture of hamlets, towns, villages, and farms on the fringes of urban development. There was great potential for economic growth. But it wasn't until 1882 when the first company was formed to provide transit service to what was to become the Borough of the Bronx. Continuation of elevated lines from Manhattan provided a suitable and adequate method of traveling to and from the city. This stimulated construction plans and many residential and commercial buildings arose dramatically along the routes. Here was material for a thrilling drama! Suddenly, rapid transit transformed dozens of sleepy, rural, unrelated communities into vibrant, cohesive, growing neighborhoods, itching for

investment and economic development. Here is a history replete with flashes of genius as well as a sordid spirit of greed. There were battles, schemes, and high ambitions, but in the end, great things were achieved. Our present generation can pay tribute to that remote past which gave us the city we know today.

South Bronx Battles Mar 26 2022 Community activist Carolyn McLaughlin takes us on a journey of the South Bronx through the eyes of its community members. Facing burned-out neighborhoods of the 1970s, the community fought back. McLaughlin illustrates the spirit of the community in creating a vibrant, diverse culture and its decades-long commitment to develop nonprofit housing and social-services, and to advocate for better education, health care, and a healthier environment. For the South Bronx to remain a safe haven for poor families, maintaining affordable housing is the central—but most challenging—task. South Bronx Battles is the comeback story of a community that was once in crisis but now serves as a beacon for other cities to rebuild, while keeping their neighborhoods affordable.

An Italian Lady Goes to the Bronx Dec 23 2021 An extraordinary ethnographic study that sets its sights on the de-bronxification of daily life. After her children leave for college, an Italian woman who has lived for years in New York City, and who formerly taught "The Art of Listening" at a University in Milan, decides to explore the South Bronx. She wanted to see for herself how people live and think "on the other side of the barricade." And one fine morning, flaunting the advice and concerns of friends and colleagues, she donned her brightest clothes and embarked upon her mission. In the three months spent in one of the most notorious zones of America's urban disaster - where Fort Apache, the Bronx was filmed in the 1970s, starring Paul Newman - she collected a wealth of material on the positive, constructive forces at work in the Bronx: the new urban pioneers. The book, which sites itself at the crossroads of the new journalism and urban ethnography, recounts the encounters and clashes between the author, her culture,

her expectations and the various personalities who guide her through the realities of daily life in the Bronx. Marianella Sclavi follows these persons throughout the course of their daily lives (she speaks of "shadowing" them), entering homes, school rooms, a courthouse, a union headquarters, and various churches and associations that host the meetings of committees doing battle for decent housing and the rebirth of urban community. And while doing so, she elaborates what she calls a "humor-based methodology for city planners, teachers, sociologists and administrators."

South Bronx Nov 21 2021 Once a part of Westchester County, the Bronx was annexed to New York City in the nineteenth century. The South Bronx came to be defined as the area in the southwest part of the borough between the Harlem River and the Bronx River, with Fordham Road generally considered as the northern boundary. Less urban than nearby neighborhoods in Manhattan, the South Bronx attracted countless numbers of immigrants arriving in New York City in the nineteenth and early twentieth centuries. Choosing to raise their families in what was then a country setting, they helped to make the South Bronx one of the most culturally diverse sections of New York. Churches, schools, ballparks, and streets of the old neighborhoods come back to life on the pages of South Bronx. This book revisits the Third Avenue trolley, Old West Farms, the Third Avenue El, tar beach, and the cobblestone roadways of a bygone era. The breweries and old-time taverns that were once such a vital part of the culture of the South Bronx are found anew in these pages. The Schnorer Club, the Elks Club on the Concourse, the Concourse Plaza Hotel, and Yankee Stadium come to life in this stunning collection of more than two hundred images.
