The Clinical Assessment of Children and Adolescents Oct 09 2020 This book highlights assessment techniques, issues, and procedures that appeal to practicing clinicians. Rather than a comprehensive Handbook of various tests and measures, The Clinical Assessment of Children and Adolescents is a practitioner-friendly text that provides guidance for test selection, interpretation, and application. With topics ranging from personality assessment to behavioral assessment to the assessment of depression and thought disorder, the leaders in the field of child and adolescent measurement outline selection and interpretation of measures in a manner that is most relevant to clinicians and graduate students. Each chapter makes use of extensive case material in order to highlight issues of applicability.

CITIZENSHIP 1928 Jan 30 2020 "CITIZENSHIP 1928" is a review of the War Department Technical Manual 2000-25, Citizenship. This manual was originally published on 30 November 1928, as authorized by the US Government War Department. It was printed in April of 1929 by the US Government Printing Office. Democratic members of Congress believed it to contain controversial material, which led to the manual being recalled and withdrawn from use within four years of publication. The main discussion in "CITIZENSHIP 1928" focuses on the definition of Democracy as it changes during the 19th century. Consideration of the Congressional Record and newspaper excerpts help explain why the War Department removed the manual from civilian and serviceman training classes in 1932. A complete copy of the original manual, reformatted for easier reading, is included in the book.
