**The Calling** Dec 06 2020 A USA Today bestselling novel Amber has never heard of the Immortals—ancient warriors who come to the aid of those in trouble, summoned by the Calling spell. She only learns about them when one crashes into the deserted warehouse where she's fighting the demon who murdered her sister, and proceeds to beat back the demon and destroy every single one of Amber's protective spells. Adrian, the oldest Immortal, is intrigued by the lone young woman trying to face an ancient demon, an Old One. He saves her life and takes her home, wanting to know more about her, and the story of her sister's quest and death. He discovers that Amber's sister had found Adrian's brother, Tain, lost for seven hundred years, and has left clues as to where to seek him. Adrian wants to leave Amber behind, out of danger, as he searches for Tain, but Amber sticks to him, needing to know the truth about what happened to her sister. She's also drawn to this hard-edged man in the leather coat, who looks more like a biker than an ancient warrior, and finds herself falling for his dark eyes, warm voice, and incredible magic. Together they begin their quest, traveling to Los Angeles to consult with a vampire master and a dragon, then into the wilderness to continue the search. They discover that their quest goes far beyond finding Tain or confronting the demon—the problem touches the edge of a far greater plan that puts the entire world in danger. Only the Immortals—all of them together—can hope to stop it. The danger to Adrian is even greater—he has found his soul-mate in the warm-hearted Amber and he'll do anything to keep her safe.

**Art Criticism Online** Jun 24 2022 The mainstream press often celebrates the 'tweeting', 'facebooking' and 'gramming' of art commentary. Before art discussions took place on social media, there were networked art projects and art critical Bulletin Board Systems, email discussion lists and blogs. *Art Criticism Online: A History* provides the first in-depth history of art criticism following the Internet. The book considers the core stages of development and considers where critical practice is heading in the future. Charlotte Frost's *Art Criticism Online* provides a much needed account and indispensable survey of the ways in which Western art criticism has been profoundly affected and changed by the online environment. The book expertly captures nuanced transformations in art criticism's content, form and style, analyzing how approaches have shifted in response to the evolution of the art world terrain. *Art Criticism Online* successfully manages to provide readers with a map of the dynamic expressions of today's critical culture. --Christiane Paul, Adjunct Curator of Digital Art, Whitney Museum, Director/Chief Curator, Sheila C. **Call The Midwife** Jun 19 2019 A fascinating slice of social history - Jennifer Worth's tales of being a midwife in 1950s London, now a major BBC TV series. Jennifer Worth came from a sheltered background when she became a midwife in the Docklands in the 1950s. The conditions in which many women gave birth just half a century ago were horrifying, not only because of their grimly impoverished surroundings, but also because of what they were expected to endure. But while Jennifer witnessed brutality and tragedy, she also met with amazing kindness and understanding, tempered by a great deal of Cockney humour. She also earned the confidences of some whose lives were truly stranger, more poignant and more terrifying than could ever be recounted in fiction. Attached to an order of nuns who had been working in the slums since the 1870s, Jennifer tells the story not only of the women she treated, but also of the community of nuns (including one who was accused of stealing jewels from Hatton Garden) and the camaraderie of the midwives with whom she trained. Funny, disturbing and incredibly moving, Jennifer's stories bring to life the colourful world of the East End in the 1950s.
