Exquisite Mariposa Dec 27 2019 In the aftermath of a reality TV deal gone wrong, Fiona Alison Duncan asks the question, Can you rewrite your life? The answer, her debut novel Exquisite Mariposa, follows a cast of housemates as they navigate questions of art making and economics, breakups and breakdowns, and the internet and its many obsessions. Given the initials F.A.D. at birth, Fiona Alison Duncan has always had an eye for observing the trends around her. But after years of looking for answers in books and astrological charts and working as a celebrity journalist to make rent, Fiona discovers another way of existing: in the Real, a phenomenological state few humans live in. Fiona's journey to the Real takes her to Koreatown, Los Angeles, where she sublets a room in La Mariposa. There, in the aftermath of a reality TV deal gone wrong, Fiona asks the question, Can you rewrite your life? The answer, her debut novel, Exquisite Mariposa, follows a cast of friends and lovers as they navigate questions of art making and economics, breakups and breakdowns, and the Internet and its many obsessions.

Nirgends scheint der Mond so hell wie über Berlin May 24 2022 In den vergangenen Jahren haben der Anschlag auf die Synagoge in Halle an der Saale und andere antisemitische Vorfälle die deutsche Öffentlichkeit aufgeschreckt. Es häufen sich die Nachrichten, wonach sich Juden in Deutschland wieder unsicher fühlen und erneut mit dem Gedanken spielen, das Land zu verlassen. Doch nimmt der Antisemitismus in Deutschland und Europa tatsächlich zu? Und wie kann die nichtjüdische Mehrheit einer solchen Entwicklung begegnen? In dem vorliegenden Buch gehen renommierte Wissenschaftler und Journalisten diesen Fragen nach, erläutern die Defizite in der Kommunikationskultur, die einer Verständigung verschiedener Bevölkerungsgruppen im Wege stehen, und entwickeln Vorschläge, wie sie sich überwinden lassen.

Advancing the Science of Cancer in Latinos Aug 15 2021 This open access book gives an overview of the sessions, panel discussions, and outcomes of the Advancing the Science of Cancer in Latinos conference, held in February 2018 in San Antonio, Texas, USA, and hosted by the Mays Cancer Center and the Institute for Health Promotion Research at UT Health San Antonio. Latinos – the largest, youngest, and fastest-growing minority group in the United States – are expected to face a 142% rise in cancer cases in coming years. Although there has been substantial advancement in cancer prevention, screening, diagnosis, and treatment over the past few decades, addressing Latino cancer health disparities has not nearly kept pace with progress. The diverse and dynamic group of speakers and panelists brought together at the Advancing the Science of Cancer in Latinos conference provided in-depth insights as well as progress and actionable goals for Latino-focused basic science research, clinical best practices, community interventions, and what can be done by way of prevention, screening, diagnosis, and treatment of cancer in Latinos. These insights have been translated into the chapters included in this compendium; the chapters summarize the presentations and include current knowledge in the specific topic areas, identified gaps, and top priority areas for future cancer research in Latinos. Topics included among the chapters: Colorectal cancer disparities in Latinos: Genes vs. Environment Breast cancer risk and mortality in women of Latin American origin Differential cancer risk in Latinos: The role of diet Overcoming barriers for Latinos on cancer clinical trials Es tiempo: Engaging Latinas in cervical cancer research Emerging policies in U.S. health care Advancing the Science of Cancer in Latinos proves to be an indispensable resource offering key insights into actionable targets for basic science research, suggestions for clinical best practices and community interventions, and novel strategies and advocacy opportunities to reduce health disparities in Latino communities. It will find an engaged audience among researchers, academics, physicians and other healthcare professionals, patient advocates, students, and others with an interest in the broad field of Latino cancer.

Wrong Sep 04 2020 Dennis Cooper is one of the most inventive and prolific artists of our time. Working in a variety of forms and media since he first exploded onto the scene in the early 1970s, he has been a punk poet, a queercore novelist, a transgressive blogger, an indie filmmaker—each successive incarnation more ingenious and surprising than the last. Cooper's unflinching determination to probe the obscure, often violent recesses of the human psyche have seen him compared with literary outlaws like Rimbaud, Genet, and the Marquis de Sade. In this, the first book-length study of Cooper's life and work, Diarmuid Hester shows that such comparisons hardly scratch the surface. A lively retrospective appraisal of Cooper's fifty-year career, Wrong tracks the emergence of Cooper's singular style alongside his participation in a number of American subcultural movements like New York School poetry, punk rock, and radical queercore music and zines. Using extensive archival research, close readings of texts, and new interviews with Cooper and his contemporaries, Hester weaves a complex and often thrilling biographical narrative that attests to Cooper's status as a leading figure of the American post-War avant-garde.

The Word Rhythm Dictionary Feb 27 2020 This new kind of dictionary reflects the use of "rhythm rhymes" by rappers, poets, and songwriters of today. Users can look up words to find collections of words that have the same rhythm as the original and are useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups.

Straßen von gestern Sep 28 2022 Dort, wo heute in Frankfurt die Doppeltürme der Deutschen Bank aufragen, kommt 1903 Lene Wertheim zur Welt. Die Wertheims sind eine alteingesessene jüdische Familie mit festen Grundsätzen: Man feiert Weihnachten als prunkvolles Familienfest, zum Entsetzen der orthodoxen Verwandtschaft. "Die Juden sind wie alle anderen, und wenn sie es nicht sind, sollten sie es sein", erklärt Eduard Wertheim, Bankier, Kunstsammler und Mäzen, seinen Nichten und Neffen. Lene erhält 1938 in Paris für sich, ihren zweiten Mann und ihre Tochter Ausreisevisa für die USA. Aber nicht alle Wertheims haben das Glück, sich rechtzeitig vor den Nazis in Sicherheit bringen zu können. Silvia Tennenbaum berichtet in kraftvollen Bildern vom Aufstieg einer jüdischen Familie im Kaiserreich, begleitet ihre verschlungenen Wege durch die Weimarer Republik und lässt uns Leser Flucht und Tod im "Dritten Reich", Vertreibung und Rettung eindringlich miterleben. Ein großer, epischer Roman unserer Zeit

Les rues d'hier Jul 26 2022 Moritz Wertheim dirige une entreprise prospère de textile qu'il lèguera bientôt à ses fils, et notamment à Eduard, le plus jeune de la fratrie, tout juste rentré des États-Unis. C'est avec sérénité que les Wertheim entament ce XXe siècle plein de promesses aux côtés de leurs concitoyens. Ils forment une famille juive parfaitement assimilée qui participe à la vie économique allemande, qui célèbre Noël, qui est prête à tout pour défendre l'Empire à l'image d'Eduard qui s'engage dans l'armée au moment où la Grande Guerre est déclarée. Mais avec la défaite qui s'ensuit et la crise qui gagne tout le pays, la tension est à présent palpable dans les rues de Francfort. Les premières lois antijuives sont votées, la montée de l'antisémitisme pousse certains membres de la famille Wertheim à partir. Eduard se rend en Suisse, son frère Jacob aux Pays-Bas, leurs neveux et nièces aux États-Unis ou encore en Palestine. Puis c'est la Seconde Guerre mondiale qui éclate et qui conduit plusieurs membres de la famille vers la mort, laissant les survivants terrassés par la découverte de ce que leur pays avait fait aux leurs. En multipliant les regards et les sensibilités de ces fabuleux personnages qui peuplent sa saga familiale, Silvia Tennenbaum dépeint avec justesse la complexité de l'histoire de la bourgeoisie juive allemande. Son rapport particulier à la religion, au patriotisme, mais également son rôle dans les grandes idéologies de l'époque : le nationalisme, le communisme et le sionisme. L'auteur nous entraîne tout au long de ces vies qui composent une émouvante fresque de la première moitié du XXe siècle.

The Cambridge Handbook of Creativity and Personality Research Feb 09 2021 As individual subjects, creativity and personality have been the focus of much research and many publications. This Cambridge Handbook is the first to bring together these two topics and explores how personality and behavior affects creativity. Contributors from around the globe present cutting-edge research about how personality traits and motives make creative behavior more likely. Many aspects of personality and behavior are examined in the chapters, including genius, emotions, psychopathology, entrepreneurship, and multiculturalism, to analyse the impact of these on creativity. The Cambridge Handbook of Creativity and Personality Research will be the definitive resource for researchers, students and academics who study psychology, personality, and creativity.

Novel Openers Jun 13 2021 Arranged by topic and subdivided chronologically, Weaver presents first lines from literary works written in English.

Sex, Gender and Substance Use Aug 03 2020 "Sex, Gender and Substance Use" describes how both biological and social factors affect people's use of substances. There is a lot of research carried out on substance use, prevention and treatment in which sex and gender are missing. This book describes the concepts of sex and gender, what they mean and why including them in substance use research, practice and policy is vital. Substances such as alcohol, drugs, nicotine, and tobacco all have differential effects on females and males. Social and cultural gendered factors affect how women and men react to prevention, treatment and policies. The book includes numerous examples of how sex- and gender-sensitive research can increase our understanding and improve prevention and treatment, and why striving for gender-transformative substance use practice and research remains a gold standard.

Bestseller Index Nov 06 2020 The Publishers Weekly bestseller list started on May 3, 1919; the New York Times Book Review list began on October 6, 1935. Though the lists do not always reflect the best in American publishing, they do offer a myriad of insights into popular culture. All books that have appeared on any of the Publishers Weekly or New York Times lists are included in this comprehensive reference work. Arranged alphabetically by author and then by book, each entry includes the book's title, publisher, lists on which it appeared and dates it debuted thereon, peak position, and total number of weeks on the lists. Information is provided for hardcover, paperback, and other special editions when appropriate."
