Daily Higher-Order Thinking, Grade 4 Dec 26 2021 Critical thinking skills are more important than ever in academic and real-world situations. Daily Higher-Order Thinking provides you with daily activities that build and grow students' problem-solving skills in engaging formats such as logic and visual puzzles, brainteasers, creative writing, picture comparison, word play, and "what if" questions. Daily 20-minute practice lessons help students apply critical thinking skills across subject areas. The lessons develop students' higher-order thinking skills and allow them to integrate their learning and make deeper connections between their learning and the real world. Use Daily Higher-Order Thinking for warm-up exercises, extension activities, early finisher tasks, and small-group center activities to develop your students' critical and creative thinking skills. How it works: - Monday-Friday: Full-page daily activities focus on a specific behavioral verb each day. The verb is defined at the top of the page so students become aware of when and how they are using the thinking skill. - Each full-page activity gives students an opportunity to practice a higher-order thinking skill in the context of a different curriculum area. - Questions and tasks are open-ended and can be used to promote peer-to-peer discussions as students share and discuss answers, while also fostering critical thinking skills. - An answer key provides sample responses for each day's activities. Evaluate students' responses based on your own expectations and on what content your students have encountered. Grade 4 activities include: logic puzzles, creative writing, picture comparisons, and "what if" questions. Daily lessons practice higher-order thinking skills such as: - Analyzing - Predicting - Designing - Composing - Organizing - Evaluating - Imagining - Strategizing

Jacob's Ladder Reading Comprehension Program: Grade 4 (2nd Ed.) Mar 05 2020 The Jacob's Ladder Reading Comprehension Program targets reading comprehension skills in high-ability learners by moving students through an inquiry process from basic understanding to critical analyses of texts, using a field-tested method developed by the Center for Gifted Education at William and Mary. Students in grade 4 will learn to comprehend and analyze any reading passage after completing the activities in Jacob's Ladder, Grade 4 (2nd ed.). Research conducted by the Center for Gifted Education with Title 1 students demonstrated that the Jacob's Ladder Reading Comprehension Program delivers results related to improved reading comprehension, increased critical thinking, and an enhanced interest in reading. Using skill ladders connected to short stories, poetry, essays, and nonfiction, students move from lower order, concrete thinking skills to higher order, critical thinking skills. The ladders include multiple skills necessary for academic success, covering language arts standards such as sequencing, determining cause and effect, classifying, inferencing, and recognizing main ideas. The second edition of the book builds off the previous Level 2 edition, including new readings and ladders for student use. The "Jacob's Ladder" guide provides teachers with an explanation of the nature of supplementary tasks that scaffold reading comprehension. Also included in the guide is an overview of the goals and objectives of the "Jacob's Ladder" tasks and suggestions for implementation, giving every teacher the tools needed to promote successful reading comprehension.

Comprehensive Curriculum of Basic Skills, Grade 4 Nov 12 2020 Comprehensive Curriculum of Basic Skills for grade 4 covers basic concepts such as reading comprehension, parts of speech, punctuation, spelling, paragraphs, research, multiplication, division, estimating, averaging, fractions, decimals, graphing, geometry, and probability. The Reading Minilessons Book, Grade 4 May 19 2021 As a teacher of literacy, you transform the lives of the children in your classroom. *The Reading Minilessons Book* offers short, concise, purposeful lessons with a practical application in a specific area of literacy. Each minilesson engages children in inquiry that leads to the discovery and understanding of a general principle. Growing out of the interactive read-aloud experience and linked to independent reading, teachers use many of these texts as examples from which they generalise the understanding. Each of the four types of reading minilessons (management, literary analysis, strategies and skills, and writing about reading) in *The Reading Minilessons Book* is organised into broad categories, or "umbrellas." An umbrella helps children develop a deeper understanding of concepts and their application. As lessons build on each other, teachers will often make an anchor chart, or visual representation, that can be referenced again and again as children encounter new texts and/or minilessons. *The Fountas & Pinnell Classroom(tm) Reading Minilessons Book, Grade 4* contains 225 reading minilessons.

Book Projects to Send Home, Grade 4 Apr 17 2021 *Book Projects to Send Home* is easy for teachers and fun for fourth grade students. Inside this book you will find ten comprehensive book projects that add an exciting dimension to your reading program. Notes to send home, introduction tips, and presentation ideas are all included, making it easy for you to include these projects in your curriculum. Simple, clear instructions allow students and their families to work together on each project. 48 pages.
