[How The Irish Saved Civilization](#) Apr 02 2020 'Shamelessly engaging, effortlessly scholarly, utterly refreshing history of the Irish soul and its huge contribution to Western culture' Thomas Keneally Ireland played the central role in maintaining European culture when the dark ages settled on Europe in the fifth century: as Rome was sacked by Visigoths and its empire collapsed, Ireland became 'the isle of saints and scholars' that enabled the classical and religious heritage to be saved. In his compelling and entertaining narrative, Thomas Cahill tells the story of how Irish monks and scribes copied the manuscripts of both pagan and Christian writers, including Homer and Aristotle, while libraries on the continent were lost forever. Bringing the past and its characters to life, Cahill captures the sensibility of the unsung Irish who relaunched civilisation.

[Multiaged Silviculture](#) Sep 27 2019 This book presents the latest scientific and management information on multiaged silviculture, an emerging strategy for managing forestry systems worldwide. Over recent decades, forest science and management have tended to emphasize plantation silviculture. Whilst this clearly meets our wood production needs, many of the world's forests need to be managed far less intensively and more flexibly in order to maintain their natural ecosystem functions together with the values inherent in those processes. Developing multiaged management strategies for these complex forest ecosystems represents a global challenge to successfully integrate available science with sustainable management practices. Multiaged Silviculture covers the ecology and dynamics of multiaged stands, the management operations associated with regeneration, tending, and stocking control, and the implications of this strategy on production, genetic diversity, and stand health. It is primarily aimed at graduate level students and researchers in the fields of forestry and silviculture, but will also be of relevance and use to all professional foresters and silviculturists.

[Beheld](#) Mar 14 2021 A New York Times Notable Book of the Year A Publishers Weekly Best Fiction Book of 2020 Most Anticipated Books of 2020 -- Vogue, Medium, LitHub Honoree for the 2021 Society of Midland Authors Prize Finalist for the 2021 Ohioana Book Award in fiction A Massachusetts Book Awards "Must Read Book" From the bestselling author of *The Wives of Los Alamos* comes the riveting story of a stranger's arrival in the fledgling colony of Plymouth, Massachusetts--and a crime that shakes the divided community to its core. Ten years after the Mayflower pilgrims arrived on rocky, unfamiliar soil, Plymouth is not the land its residents had imagined. Seemingly established on a dream of religious freedom, in reality the town is led by fervent puritans who prohibit the residents from living, trading, and worshipping as they choose. By the time an unfamiliar ship, bearing new colonists, appears on the horizon one summer morning, Anglican outsiders have had enough. With gripping, immersive details and exquisite prose, TaraShea Nesbit reframes the story of the pilgrims in the

previously unheard voices of two women of very different status and means. She evokes a vivid, ominous Plymouth, populated by famous and unknown characters alike, each with conflicting desires and questionable behavior. Suspenseful and beautifully wrought, *Beheld* is about a murder and a trial, and the motivations--personal and political--that cause people to act in unsavory ways. It is also an intimate portrait of love, motherhood, and friendship that asks: Whose stories get told over time, who gets believed--and subsequently, who gets punished?

The 19th Wife Aug 07 2020 It is 1875, and Ann Eliza Young has recently separated from her powerful husband, Brigham Young, prophet and leader of the Mormon Church. Expelled and an outcast, Ann Eliza embarks on a crusade to end polygamy in the United States. A rich account of her family's polygamous history is revealed, including how both she and her mother became plural wives. Yet soon after Ann Eliza's story begins, a second exquisite narrative unfolds--a tale of murder involving a polygamist family in present-day Utah. Jordan Scott, a young man who was thrown out of his fundamentalist sect years earlier, must reenter the world that cast him aside in order to discover the truth behind his father's death. And as Ann Eliza's narrative intertwines with that of Jordan's search, readers are pulled deeper into the mysteries of love, family, and faith.

Round Ireland With A Fridge Jun 28 2022 'I hereby bet Tony Hawks the sum of One Hundred Pounds that he cannot hitchhike round the circumference of Ireland, with a fridge, within one calendar month' A foolhardy attempt to win a drunken bet led to Tony Hawks having one of the most unforgettable experiences of his life. In their month of madness, Tony and his fridge surfed together; entered a batchelor festival; and one of them had sex without the other knowing. The fridge got christened, and they even met the poorest king on Earth. An absurd story of an extraordinary adventure, *Round Ireland with a Fridge* follows the fearless pair as they battle towards Dublin and a breathtaking finale that is moving, uplifting, and a fitting conclusion to the whole ridiculous affair.

Running with Sherman Mar 02 2020 From the bestselling author of *Born to Run*, a heartwarming story about training a rescue donkey to run one of the most challenging races in America, and, in the process, discovering the life-changing power of the human-animal connection. "A delight, full of heart and hijinks and humor." —John Grogan, author of *Marley & Me: Life and Love with the World's Worst Dog* When Christopher McDougall decided to adopt a donkey in dire straits, he had no idea what he was getting himself into. But with the help of his neighbors, Chris came up with a crazy idea. Burro racing, a unique type of competition in which humans and donkeys run side by side over mountains and through streams, would be exactly the challenge Sherman and Chris needed. In the course of Sherman's training, Chris would enlist Amish running clubs, high-spirited goats, the service animal community, and two Sarah Palin-loving long-distance female truckers. Sherman's heartwarming story of overcoming all odds to run one of the most unbelievable races in America shows the healing power of movement and the strength of the human-animal connection. Look for Christopher McDougall's new book, *Born to Run 2*, coming in December!

Blood Secret Sep 19 2021 The minute she had opened the trunk, she knew there wasn't anything like hope in it. Just awful musty things, but each one with a kind of terrible dark halo around it. She picked up that piece of old lace. She saw that stain -- pale, brownish in color. She knew it was blood. Somebody's blood. There was violence in that trunk, and dark secrets, and she did not want to know them. Curious about the old homestead where she now lives, Jerry finds an ancient trunk in the basement that contains, among other things, an old piece of bloodstained lace, some letters, and a battered doll. The objects in the trunk have stories to tell -- stories about the Spanish Inquisition spanning nearly five hundred years and stories of secrets locked deep in the bloodlines of Jerry's ancestors. Kathryn Lasky's powerhouse novel is a dramatic historical saga that brings the reader face-to-face with some of the worst atrocities ever committed against humankind in the name of God. But above all, it is an unforgettable coming-of-age story about a girl who, in connecting with her own past and faith, is at last able to face her own demons and liberate not only herself but also future generations of her family from the long chain of suffering and silence.

The Locked Ward Feb 10 2021 Shocking, moving, and controversial, this is an extraordinary account, by an orderly, of life behind the locked doors of a secure psychiatric ward Dennis O'Donnell started work as an orderly in the Intensive Psychiatric Care Unit of a large hospital in Scotland in 2000. For seven years, he cared for patients with serious mental disorders. In his daily life he encountered fear, violence, and despair, but also a considerable amount of care and compassion. Recounting the stories of the patients he worked with, and those of his colleagues on the ward, he examines: the different major mental disorders and their symptoms and manifestations; various methods of treatment including medication, therapy, and conversation; how religion, sex, wealth, health, and drugs can bear influence on mental health; and the prevailing attitudes to psychiatric illness the authorities, the professionals, and society. What emerges is a document of humanity and humor, a remarkable memoir that sheds light on a world that still remains largely unknown and hugely feared."

The Pilgrim Journey May 28 2022 Pilgrimage in the Western world is enjoying a growing popularity, perhaps more so now than at any time since the Middle Ages. The Pilgrim Journey tells the fascinating story of how pilgrimage was born and grew in antiquity, how it blossomed in the Middle Ages and faltered in subsequent centuries, only to re-emerge stronger than before in modern times. James Harpur describes the pilgrim routes and sacred destinations past and present, the men and women making the journey, the many challenges of travel, and the spiritual motivations and rewards. He also explores the traditional stages of pilgrimage, from preparation, departure, and the time on the road, to the arrival at the shrine and the return home. At the heart of pilgrimage is a spiritual longing that has existed from time immemorial. The Pilgrim Journey is both the colourful chronicle of numerous pilgrims of centuries past searching for heaven on earth, and an illuminating guide for today's spiritual traveller.

Bricklayer Bill Oct 21 2021 Two weeks after the United States officially entered World War I, Irish American "Bricklayer Bill" Kennedy won the Boston Marathon wearing his stars-and-stripes bandana, rallying the crowd of patriotic spectators. Kennedy became an American hero and, with outrageous stories of his riding the rails and sleeping on pool tables, a racing legend whose name has since appeared in almost every book written on the Boston Marathon. When journalist Patrick Kennedy and historian Lawrence Kennedy unearthed their uncle's unpublished memoir, they discovered a colorful character who lived a tumultuous life, beyond his multiple marathons. The bricklayer survived typhoid fever, a five-story fall, auto and train accidents, World War action, Depression-era bankruptcy, decades of back-breaking work, and his own tendency to tipple. In many ways, Bill typified the colorful, newly emerging culture and working-class ethic of competitive long-distance running before it became a professionalized sport. Bricklayer Bill takes us back to another time, when bricklayers, plumbers, and printers could take the stage as star athletes.

Dancing in Red Shoes Will Kill You Jul 26 2019 Through the braided narratives of three spirited characters, this novel bears witness to the infamous crime that metastasized uber-civilized Montreal, the "Montreal Massacre," when on December 6, 1989, fourteen female engineering students were murdered in their classrooms. The novel focuses on the lives of Deirdre, a first-year female engineering student at Aquitaine, who takes a Women's Studies course as an elective and Marin, a student at Cantech who ponders what it means to be a female engineering student in such a chilly gendered climate. Everyone wants Marin at her party. Bohemian and beautiful, she is as passionate about constructing sets for theater and opera as she is about Trey, the one man she can finally trust. Deirdre is earnest and perceptive, but too naïve to know that frat boys can be dangerous, and she is drugged and raped at a party in an infamous men's residence. Jenean, a francophone female journalist working in both languages, is feisty and urbane, a feminist who longs for peace between the sexes even as she ponders splitting from her live-in partner. She finds herself on the killer's list of 19 women he would have liked to kill. Set in that tragic historic moment, on two college campuses fraught with gendered antagonisms, this novel tells the story of the victims, following the imagined lives of these women as they happen headlong into the December 6 tragedy -- a story disarmingly accurate that explores the profundity of deepest love and unimaginable loss. It follows them through a semester of college, from the crisp autumnal beginnings to that tragic winter. It does not end there. It then takes up with the families and survivors, examining the enduring effects of the massacre's 24 minutes of inarticulate inhumanity.

In My Father's Name Jan 30 2020 A Los Angeles Times reporter recounts his twenty-two-year search for the truth behind his father's murder, an event that devastated his childhood and eventually revealed startling truths

From the Great Blasket to America May 04 2020 Mike Carney was born on the Great Blasket Island in 1920 in that unique, isolated Irish-speaking community. Mike left in 1937 to seek a better future in Dublin and eventually settled in Springfield, Massachusetts, with other former islanders. The death on the island of his younger brother set off a chain of events that led to its evacuation, in which Mike played a pivotal role. This is the story of his life and his efforts to promote Irish culture in America, to preserve the memory of The Great Blasket, to respect roots left behind and to set down roots in a new land. Written as Mike approached the age of 93, this memoir is probably the last of a long line of books written by Blasket Islanders. * Similar to: *An Irish Navvy - the Diary of an Exile* and *The Hard Road to Klondike*

Ins and Outs of a Locked Ward: My 30 Years as a Psychiatric Nurse Jun 24 2019

Distant Skies Dec 31 2019 Part American road trip, part coming-of-age adventure, and part uncommon love story—a remarkable memoir that explores the evolution of the human-animal relationship, along with the raw beauty of a life lived outdoors. Melissa Chapman was 23 years old and part of a happy, loving family. She had a decent job, a boyfriend she cared about, and friends she enjoyed. Yet she said goodbye to all of it. Carrying a puppy named Gypsy, she climbed aboard a horse and rode away from everything, heading west. With no cell phone, no GPS, no support team or truck following with supplies, Chapman quickly learned that the reality of a cross-country horseback journey was quite different from the fantasy. Her solo adventure would immediately test her mental, physical, and emotional resources as she and her four-legged companions were forced to adapt to the dangers and loneliness of a trek that would span over 2,600 miles, beginning in New York State and reaching its end on the other side of the country, in California. Enchanted by the freedom a nomadic life seemed to promise, the young woman would soon find herself only more deeply connected...to the animals that accompanied her, to the varying and challenging landscapes through which she traveled, and to the people she met on the farms and back roads that crisscross the United States. Chapman's vigilance in detailing the quietest moments of heroism and beauty, as well as the startling and tragic, yields a read that convinces one of both the magnificence of the countryside and the generosity of the people who call it home. A book for the equestrian, the animal lover, and the outdoor enthusiast—or anyone who dreams about one day bringing a longed-for adventure to life.

Reformation and the English People Oct 09 2020 The complex web of events which we call the Reformation had a profound and lasting effect on English life. This book is a new attempt to understand how it 'happened' and how English men and women responded to it. Using the evidence of wills and account-books, examining late medieval church building and, above all, the striking popularity of the lay fraternity, Professor Scarisbrick argues that there was little violent discontent with the old Church on the eve of the Reformation - that, on the whole, English layfolk had been able to fashion a Church which suited their needs well enough. The main thrust for the ensuing changes came from 'above' and was rarely accompanied by the fierce anticlericalism and iconoclasm that was often a feature of the continental Reformation. Professor Scarisbrick examines the unparalleled spoliation of religious houses, shrines, colleges, chantries, guilds and parish churches in the years 1536 to 1553, and lay attitudes to it. He argues that the changes encountered more resistance than has often been supposed. The story of what happened to schools and hospitals in Edward VI's reign and the survival and revival of the old faith under (and after) Mary add weight to his arguments. He shows clearly that to describe the Reformation as a victory of layman over cleric is far too simple, and that many of our common assumptions about the Reformation need to be reconsidered.

A Lucky Irish Lad Oct 01 2022 Kevin O'Hara recreates his boyhood with these wonderful stories of growing up in Massachusetts in the 1950s and 60s as one of eight children. His parents, born in Ireland, came to this country for their children's sake. His family struggled against grinding poverty but they never gave up and never lost their faith that God had a plan for them. Kevin learned the lessons of making do and making things last, and what the true riches of the world are: good health and the love of a united family. All these lessons grounded him as he reached adulthood...and was sent off to fight in the wilds of Vietnam as a reluctant soldier. This book will tug at your heart and make you cry tears of both sorrow and joy. It is a story about the Irish-American experience but it is much more--it's the story of a generation growing up in the shadow of the Second World War and the start of a new age of hope and promise, a time when people believed that anything was possible as long as you dared to dream and had faith in yourself. And a little Irish luck couldn't hurt either.

Love, Theodosia Aug 26 2019 A Romeo & Juliet tale for Hamilton! fans. In post-American Revolution New York City, Theodosia Burr, a scholar with the skills of a socialite, is all about charming the right people on behalf of her father—Senator Aaron Burr, who is determined to win the office of president in the pivotal election of 1800. Meanwhile, Philip Hamilton, the rakish son of Alexander Hamilton, is all about being charming on behalf of his libido. When the two first meet, it seems the ongoing feud between their politically opposed fathers may be hereditary. But soon, Theodosia and Philip must choose between love and family, desire and loyalty, and preserving the legacy their flawed fathers fought for or creating their own. Love, Theodosia is a smart, funny, swoony take on a fiercely intelligent woman with feminist ideas ahead of her time who has long-deserved center stage. A refreshing spin on the Hamiltonian era and the characters we have grown to know and love. It's also a heartbreaking romance of two star-crossed lovers, an achingly bittersweet "what if." Despite their fathers' bitter rivalry, Theodosia and Philip are drawn to each other and, in what unrolls like a Jane Austen novel of manners, we find ourselves entangled in the world of Hamilton and Burr once again as these heirs of famous enemies are driven together despite every reason not to be.

Mythical Ireland Nov 29 2019 Mythical Ireland embodies the search for a soul among Ireland's ancient ruins, and is an attempt to retrieve something of deeper import from 5,000-year-old megalithic monuments and their associated myths. The book represents a fascinating and engaging journey through time, landscape and the human spirit. Dealing with archaeology, interpretive mythography, cosmology and cosmogony, the book attempts to grapple with a core meaning, something beyond the functional interpretations of academia. In this revised and expanded edition, Anthony Murphy delves further into the many enthralling aspects of this journey. Just how much knowledge did locals have of the secrets of Newgrange before it was excavated? Who is the Cailleach, the ancient hag goddess whose image is ubiquitous in the ancient landscape? What happened to make Ireland's Stonehenge disappear from the landscape? Who were the first kings of Tara? What were the indigenous Irish myths about the Milky Way? Did someone try to steal the Tara Brooch? Why are there myths in Ireland about hooded towns and cities? Lavishly illustrated with exquisite photographs of the Irish landscape and ancient monuments, Mythical Ireland represents a personal and yet universal journey, a quest to reimagine the shrines as empowering and transformative sacred places. Murphy invokes the druids and poets of the Boyne and thus the *sidhe* of the ancient texts are reawakened for a modern and turbulent world.

All the Light Here Comes from Above Jun 16 2021 EDWARD HITCHCOCK was not the only star in the firmament of American science and philosophy in the nineteenth century, but he was certainly one of the brightest. Raised among the wheat and rye fields of Deerfield, Massachusetts, he was expected to pursue a farmer's life, but early on he developed a "strong relish" for science. In his teens he adopted his father's orthodox Christian faith and began studying for the ministry. By age twenty-five he had set a dual path for his life, science and religion. Although Hitchcock's career as a pastor would be brief, preaching and spreading the Gospel would remain his highest calling. Nevertheless, his scientific impulses could never be denied, his spiritual life could not deflect him from the pursuit of scientific truth. In that respect he was perhaps unique for his time - and for today - for he saw no conflict between science and religion. "When rightly interpreted and understood," he wrote, "they will appear in perfect unison." In All the Light Here Comes from Above: The Life and Legacy of Edward Hitchcock, Massachusetts author Robert T. McMaster brings Edward Hitchcock to life, revealing the humanity of the man with dignity, charm, and humor. Relying largely on Hitchcock's own words from his letters, notes, and other unpublished manuscripts, McMaster presents an intimate view of Edward Hitchcock, his scientific achievements, his theological writings, as well as his battles with powerful personal demons that threatened him at every turn.
