Aurora's End Nov 25 2019 The squad you love is out of time. Prepare for the thrilling finale in the epic, bestselling Aurora Cycle series about a band of unlikely heroes who just might be the galaxy's last hope for survival. Is this the end? What happens when you ask a bunch of losers, discipline cases and misfits to save the galaxy from an ancient evil? The ancient evil wins, of course. Wait . . . Not. So. Fast. When we last saw Squad 312, they were working together seamlessly (aka, freaking out) as an intergalactic battle raged and an ancient superweapon threatened to obliterate Earth. Everything went horribly wrong, naturally. But as it turns out, not all endings are endings, and the team has one last chance to rewrite theirs. Maybe two. It's complicated. Cue Zila, Fin and Scarlett (and Magellan!) making friends, making enemies and making history? Sure, no problem. Cue Tyler, Kal and Auri joining forces with two of the galaxy's most hated villains? Um, okay, yeah. That too. Actually saving the galaxy, though? Now that will take a miracle.

Lonely Planet Costa Rica Jul 26 2022 Lonely Planet: The world's leading travel guide publisher Lonely Planet's Costa Rica is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. How You Can Save the Planet Jan 28 2020 *Foreword by Robert Macfarlane, bestselling author of *The Lost Words*. * If you're worried about climate change, this book is an essential and reassuring read. We often feel like we don't have the power to make real change. But our small changes can add up to something BIG. Packed with reassuring step by step actions and easy to follow DIY activities, *How You Can Save The Planet* is the perfect gift for young activists who want to make a difference. With simple explanations, practical tips and stories from children across the world, this guide is ideal for young people who are worried about climate change and want to help our planet! Crafted by Hendrikus van Hensbergen, whose work is featured on BBC Bitesize[JP2] , this inspiring read is perfect for children at KS2. 'Every young person in the country should be given this book' Sir Tim Smit, Founder of The Eden Project 'It's enlightening, inspiring and empowering' Kate Humble, TV presenter 'Wonderfully informative, fun and practical [. . .] A great source of inspiration' The Rich Brothers, TV presenters

Management for a Small Planet Dec 07 2020 When this classic text was first published in 1992, it provided a unique focus for the burgeoning concern for sustainability and sustainable organizational practices. The book's impact continues to be felt today as large multinational corporations such as Wal-Mart and GE are making substantial commitments to the "triple bottom line" of economic success, social responsibility, and environmental protection, and sustainability has become a part of curricula in business schools around the globe. Featuring extensive new material throughout, this new edition of *Management for a Small Planet* is now widely available outside of North America for the first time. The book maintains the same unique vision and approach that made the original so influential. Unlike other texts on the topic, it employs a strategic, general management perspective within theoretical frameworks on how organizations can be instrumental in moving humankind toward a more sustainable world. Part I includes chapters dedicated to each dimension of sustainability: biophysical, economic, and social. Part II contains the specifics on the formulation and implementation of sustainable management practices, all grounded in the principles of organizational behavior, leadership, and business strategy. The book is an ideal text for any course concerned with environmental management and sustainable management practices.

Lonely Planet Vietnam, Cambodia, Laos & Northern Thailand Mar 10 2021 Lonely Planet: The world's leading travel guide publisher Lonely Planet Vietnam, Cambodia, Laos & Northern Thailand is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. Doctor Who and the Tenth Planet Jan 08 2021 The TARDIS brings the Doctor and his friends to a space tracking base in the Antarctic - and straight into trouble. A space mission is going badly wrong, and a new planet has appeared in the sky. Mondas, ancient fabled twin planet of Earth has returned. Soon its inhabitants arrive. But while they used to be just like the humans of Earth, now they are very different. Devoid of emotions, their bodies replaced with plastic and steel, the Cybermen are here. Humanity needs all the help it can get, but the one man who seems to know what's going on is terminally ill. As the Cybermen take over, the Doctor is dying... This novel is based on the final story to feature the First Doctor, which was originally broadcast from 8 to 29 October 1966. This was the first Doctor Who story to feature the Cybermen. Featuring the First Doctor in his very last adventure as played by William Hartnell, and his companions Ben and Polly

China Aug 15 2021 One of the most requested titles in our critically acclaimed Traveler series, this beautiful guide makes the vast enigma of China accessible to every visitor. Continuing the series' winning formula, this new edition combines in-depth, up-to-date descriptions with dazzling photographs, detailed maps, cutaway illustrations of renowned structures, and a wealth of useful travel tips. Organized by cities and areas, the book covers the best sites and attractions throughout the country. Highlights include the capital of Beijing; dynamic Shanghai; the fertile Yangtze region; Guilin and its fabled limestone pillars; the life-size army of terra-cotta warriors in Xi'an; Tibet; the Silk Road; Inner Mongolia; Hong Kong; and Macau?all prefaced by an elaborate introduction to the rich Chinese history and culture. Wide-ranging sidebars discuss Chinese deities, the Taiping Rebellion, Tibetan Buddhism, and other interesting topics, while guided tours include a bike ride from Tiananmen Square and a cruise along the Yangtze River. An extensive travel planner details practicalities such as where to find the most gracious hotels and the best Peking duck and dim sum. Veteran travel writer Damian Harper, who has a degree in modern and classical Chinese and an intense interest in Chinese philosophy and poetry, brings authoritative guidance and a strong individual voice to this refreshing new look at a timeless land as it prepares to host the 2008 Summer Olympics and the 2010 World Expo.
