Strategic Retail Management Dec 25 2021 This book is devoted to the dynamic development of retailing. The focus is on various strategy concepts adopted by retailing companies and their implementation in practice. This is not a traditional textbook or collection of case studies; it aims to demonstrate the complex and manifold questions of retail management in the form of twenty lessons, where each lesson provides a thematic overview of key issues and illustrates them via a comprehensive case study. The examples are all internationally known retail companies, to facilitate an understanding of what is involved in strategic retail management and illustrate best practices. In the third edition, all chapters were revised and updated. Two new chapters were added to treat topics like corporate social responsibility as well as marketing communication. All case studies were replaced by new ones to reflect the most recent developments. Well-known retail companies from different countries, like Tesco, Zalando, Hugo Boss, Carrefour, Amazon, Otto Group, are now used to illustrate particular aspects of retail management.

Retail Marketing Management Mar 28 2022 A leading Professor of Retail Marketing presents 5 new frames through which students and practitioners can understand and approach the evolving environment of retailing today: Entrepreneurial mindset, Excitement, Education, Experience, and Engagement.

Emotionomics Jul 08 2020 'I believe that 'emotion' is where it's at' Tom Peters For far too long, emotions have been ignored in favour of rationality and efficiency, but breakthroughs in brain science have revealed that people are primarily emotional decision-makers. Many companies have not yet accepted that fact, much less acted on it. In this fully revised edition, Emotionomics will help you to understand emotions in terms of business opportunities - both in the marketplace and in the workplace. In today's highly competitive marketplace where many products look alike, it is the emotional benefit that can make the difference. At the same time, companies with engaged, productive work forces will undoubtedly achieve competitive advantage. Dan Hill's book draws on insights gathered through facial coding, the single best viable means of measuring and managing the emotional response of customers and employees, to help you to leverage emotions for business success in terms of branding, product design, advertising, sales, customer satisfaction, leadership and employee management. Emotions matter and Emotionomics will help you to step closer to customers and employees, but step ahead of your competitors.

Retail Marketing Management Aug 21 2021 The unique approach of Retail Marketing combines theory with current retail concepts and international examples. It starts by looking at the nature of retailing as an activity and then introduces retail marketing, followed by a discussion of consumer behaviour, the retail marketing mix, and other important issues such as location strategies, branding, the application of IT and ethics. The author takes an integrated approach to explaining the process of internationalisation which is reinforced by a wealth of international examples. The book is ideal for undergraduate and postgraduate students taking courses in retail marketing as well as those studying for marketing and business degrees where retail marketing is a core module. Luxury Retail Management Aug 28 2019 Noted experts offer invaluable insights into the glamorous world of luxury retail. *Luxury Retail Management* is your gold-plated ticket to the glamorous world of luxury retail. Defining all the tools that are necessary to manage luxury stores, from the analysis of location and design concept, to the selection, training, and motivation of the staff, the book covers everything you need to know to enter, expand, understand, and succeed in the world of luxury retail. Reaching the luxury customer is no longer the domain of the exclusive salon—the global luxury market boom and the phenomenal growth of luxury stores now views the retail sector as key to driving brand profitability. In dealing with this rapid change, luxury brands have experienced a steep learning curve and accumulated bags of retail expertise. And while some of the luxury retail rules and models in this book are exclusive to the luxury market, many have lessons for the whole retail sector. Examines the essential aspects of luxury customer relationship management, personal sales, and the customer experience. Delves into the sophisticated business models that luxury brands have developed based on a mix of directly-operated-stores and wholesale. Covers the management essentials—distribution, location, design, merchandising, pricing, brand promotion, and the management agenda for success. Written by respected experts Michel Chevalier and Michel Gutsatz, who lend their solid academic credentials and professional expertise to the subject, *Luxury Retail Management* asks and answers the questions that retail professionals need to understand in order to thrive in the luxury market.

Retailing Management Aug 01 2022 The text's logical organization around a decision-making process allows readers to learn about the process of strategic decisions first before moving on to decision implementation. The implementation decisions are broken down into merchandise management decisions and store management decisions, just as they would be in a real retailing setting. The text provides a balanced treatment of strategic, how to, and conceptual material, in a highly readable and interesting format.

Retailing in the 21st Century Jan 14 2021 With crisp and insightful contributions from 47 of the world's leading experts in various facets of retailing, *Retailing in the 21st Century* offers in one book a compendium of state-of-the-art, cutting-edge knowledge to guide successful retailing in the new millennium. In our competitive world, retailing is an exciting, complex and critical sector of business in most developed as well as emerging economies. Today, the retailing industry is being buffeted by a number of forces simultaneously, for example the growth of online retailing and the advent of 'radio frequency identification' (RFID) technology. Making sense of it all is not easy but of vital importance to retailing practitioners, analysts and policymakers.

Technological Forecasting for Decision Making Dec 01 2019

Loose Leaf for Retailing Management Sep 21 2021 *Retailing Management*, Tenth Edition, highlights the many ways the retail industry has transformed and evolved over the past four years. This text is the only retail management educational product in the market that offers a premium digital content companion—McGraw-Hill Connect—to provide best-in-class training. In keeping with its market-leading tradition, this tenth edition focuses on key strategic issues with an emphasis on financial considerations and implementation through merchandise and store management. Strategic and tactical issues are examined for a broad spectrum of retailers, both large and small, domestic and international, selling both merchandise and services. In preparing this edition, the authors focused on five important factors that delineate outstanding retailers: •The use of big data and analytical methods for decision making. •The application of social media and mobile channels for communicating with customers and enhancing their shopping experience. •The issues involved in providing a seamless multichannel experience for customers. •The engagement in the overarching emphasis on conscious marketing and corporate social responsibility when making business decisions. •The impact of globalization on the retail industry. This edition builds on the basic philosophy of the previous editions but every example, fact, and key term has been checked, updated, or replaced to ensure that this cutting-edge product remains up to date. Because the authors realize that retailing is taught in a variety of formats, a comprehensive supplemental package for instructors is provided, as well as a comprehensive online instructor's manual with additional cases and teaching suggestions. In keeping with the authors' goal of providing a "good read" for students, the conceptual material continues to be supported with interesting, current, real-world retailing examples. To facilitate student learning, the presentation has been streamlined, both visually and pedagogically—for example, based on reviewer comments, the chapters on human resource management and store management have been combined. The unique features of McGraw-Hill's Connect support students and offer instructors a proven, effective, and expedient path to engaging and educating their students. New to This Edition •Introductory vignettes provide an example of how a stellar retailer can be particularly successful by excelling in the subject area for that particular chapter. •Retailing views provide new and updated stories that describe how particular retailers deal with the issues raised in each chapter. •New cases highlight concepts and theories. •A regularly updated blog contains relevant, in-the-news content related to the course material, summaries, and discussion questions of recent retailing articles—all of which are associated with specific chapters so that instructors can use them to stimulate class discussion. •Graphics in each chapter provide critical, up-to-date information and lively visuals; almost all of the photos are new to this edition. •Multimedia content, such as videos, simulations, and games, drive student engagement and critical-thinking skills. •Instructors and students gain practical experience by applying the concepts and theories using the Get Out and Do It features at the end of each chapter; these exercises suggest projects that students can undertake by visiting local retail stores or surfing the Internet. •Continuing assignment exercise engage students in an exercise involving the same retailer throughout the course to provide a hands-on learning experience.

Loose Leaf Retailing Management Sep 29 2019 This full featured text is provided as an option to the price sensitive student. It is a full 4 color text that's three whole punched and made available at a discount to students. Also available in a package with Connect Plus.
