**The Curious History of Love** Sep 19 2021 The one emotion that matters most to many people is the one about which social thinkers rarely speak - love. For many people, love is the thing that matters most in their lives: they are searching for love, hoping to find in love a kind of happiness that they cannot find in their work or by surrounding themselves with material goods. But where does this peculiar and powerful blending together of love and happiness come from, and why do we find it such a compelling idea today? In this short book Jean-Claude Kaufmann offers a fresh account of the history of a feeling unlike any other. The modern idea of love as passion was born in the 12th century but it was marginalized by the rise of a kind of instrumental, calculating reason that became increasingly central to modern societies. As calculating reason began to encroach on the personal domain, many individuals sought to escape from it, searching for happiness elsewhere. As our societies become dominated by calculating reason and selfish individualism, we search elsewhere for the kind of happy love that will heal all our wounds. This is why we experience so many changes of heart in our personal lives: at times we are coldly calculating and then, a few moments later, we sacrifice ourselves to love without a second thought. Written by one of France's leading sociologists,

this highly readable book sheds new light on love and happiness and will resonate with many readers.

*The Horrors of Love* Jun 28 2022 "The Horrors of Love is an often ridiculous, sometimes funny tale of a middle-aged member of the French Chamber of Deputies who becomes tragically involved with his young mistress. At first glance, the story seems to be as obviously and simply French as a pair of lovers sneaking off to a bedsitter in the Square St.-Lambert. Yet it is not only the Gallic spirit that intrigues Dutourd, but the human spirit as well."--Goodreads

Weak Love and Strong Love Dec 11 2020 This is a story about loss, Russian pride, and realistic consequences that come when people do not put puzzle pieces of their life together with a childlike regard for others. The chain of events unleashed is dictated by the lazy consciences some rich people develop or respect that lasts. When beauty brings temptation, it may cause

anger to spill over. Hard decisions are made over life and death, love or grief, money and change. There's a little bit of humor in the story if you know where to look, and for all the sorrow, there is a light that shines no matter what for those who are not too cynical. Set in the nineteenth century, this tale shows high society struggling with privileged yet claustrophobic lives. When nobles do not act noble, hearts break. When conscience disconnects from deed, decisions must be made over desire or honor and violence or peace. Peace is found when morality is attached to love instead of stolen love being squandered.

*Pathologies of Love* Nov 09 2020 *Pathologies of Love* examines the role of medicine in the debate on women, known as the querelle des femmes, in early modern France. Questions concerning women's physical makeup and its psychological and moral consequences played an integral role in the querelle. This debate on the status of women and their role in society began in the fifteenth century and continued through the sixteenth and, as many critics would say, well beyond. In querelle works early modern medicine, women's sexual difference, literary reception, and gendered language often merge. Literary authors perpetuated medical ideas such as the notion of allegedly fatal lovesickness, and physicians published works that included disquisitions on the moral nature of women. In *Pathologies of Love*, Judy Kem looks at the writings of Christine de Pizan, Jean Molinet, Symphorien Champier, Jean Lemaire de Belges, and Marguerite de Navarre, examining the role of received medical ideas in the querelle des femmes. She reconstructs how these authors interpreted the traditional courtly understanding of women's pity or mercy on a dying lover, their understanding of contemporary debates about women's supposed sexual insatiability and its biological effects on men's lives and fertility, and how erotomania or erotic melancholy was understood as a fatal illness. While the two women who frame this study defended women and based much of what they wrote on personal experience, the three men appealed to male authority and tradition in their writings.

**Our Love Is** May 04 2020 *Our Love Is* from Clever Publishing is the perfect way to celebrate the love between parent and child. Spring brings new flowers and days of flying kites and looking for shapes in the clouds. In summer, families

take walks to the park to watch the animals in the pond, and children play hide-and-seek, swim with friends, and enjoy ice-cream cones to stay cool. Families gaze at the fireflies when it's dark. **Can't Buy My Love** Feb 10 2021 "When was the last time you felt this comfortable in a relationship?" -- An ad for sneakers "You can love it without getting your heart broken." -- An ad for a car "Until I find a real man, I'll settle for a real smoke." -- A woman in a cigarette ad Many advertisements these days make us feel as if we have an intimate, even passionate relationship with a product. But as Jean Kilbourne points out in this fascinating and shocking exposé, the dreamlike promise of advertising always leaves us hungry for more. We can never be satisfied, because the products we love cannot love us back. Drawing upon her knowledge of psychology, media, and women's issues, Kilbourne offers nothing less than a new understanding of a ubiquitous phenomenon in our culture. The average American is exposed to over 3,000 advertisements a day and watches three years' worth of television ads over the course of a lifetime. Kilbourne paints a gripping portrait of how this barrage of advertising drastically affects young people, especially girls, by offering false promises of rebellion, connection, and control. She also offers a surprising analysis of the way advertising creates and then feeds an addictive mentality that often continues throughout adulthood.

## **The Hidden Way of Love: Jean-Pierre de Caussade's Spirituality of Abandonment**

Aug 31 2022 Fairacres Publications 134 Yes, if one could only leave the hand of God to do its work, one would reach the most eminent perfection. All souls would reach it, for it is offered to all.' These words of Jean-Pierre de Caussade (1675-1751) sum up his message of abandonment to God's care in the simplest and most immediate experiences of life. Everything can be abandoned and entrusted, and everything gained, by the person who meets the love of God with an answering child-like trust and surrender. The simplicity and wholeness of de Caussade's hidden way of love are revealed in his own words.

*Who Do You Love* Dec 23 2021 This collection, named a finalist for the National Book Award and other honors, presents the lives of ordinary people who long for communion and grace with others.

*Prisoner of Love* Oct 01 2022 Starting in 1970, Jean Genet—petty thief, prostitute, modernist master—spent two years in the Palestinian refugee camps in Jordan. Always an outcast himself, Genet was drawn to this displaced people, an attraction that was to prove as complicated for him as it was enduring. *Prisoner of Love*, written some ten years later, when many of the men Genet had known had been killed, and he himself was dying, is a beautifully observed description of that time and those men as well as a reaffirmation of the author's commitment not only to the Palestinian revolution but to rebellion itself. For Genet's most overtly political book is also his most personal—the last step in the unrepentantly sacrilegious pilgrimage first recorded in *The Thief's Journal*, and a searching meditation, packed with visions, ruses, and contradictions, on such life-and-death issues as the politics of the image and the seductive and treacherous character of identity. Genet's final masterpiece is a lyrical and philosophical voyage to the bloody intersection of oppression, terror, and desire at the heart of the contemporary world.

*For the Love of Mohammad a Memoir* Dec 31 2019 The memoir of two young dancers from vastly different cultures, tells of their ill-fated marriage during Iran's Islamic Revolution. For several years Mohammad and I had wanted to

write about a significantly dramatic part of our personal journey through life. We eventually put pen to paper after meeting up again in England. 'For the Love of Mohammad A Memoir' is a true story of love and all its complexities. It is also the story of a young English girl living in a Middle Eastern country which is torn apart by an Islamic revolution and war, and the story of a young Iranian man struggling to come to terms with his homosexuality after being manipulated into marriage whilst being deeply in love with another man. Mohammad and I feel our story is also more than just a story of our love. As the world continues to struggle with human rights issues, in particular the human rights of the LGBTQ communities in such countries as Iran, Uganda, Pakistan, Nigeria, India, Russia and often in our own backyard; Mohammad and I believe that our story speaks out for those who have their voices silenced; contributes to the awareness of their situation; and carries with it a message of hope and courage by demonstrating how, with the power of love, courage and understanding, life's adversities can be overcome.

*Our Lady of the Flowers* Oct 09 2020 The shattering novel of underground life the New York Times called "a cry of rapture and horror . . . the purest lyrical genius." Jean Genet's debut novel *Our Lady of the Flowers*, which is often considered to be his masterpiece, was written entirely in the solitude of a prison cell. A semi-autobiographical account of one man's journey through the Paris demi-monde, dubbed "the epic of masturbation" by no less a figure than Jean-Paul Sartre, the novel's exceptional value lies in its exquisite ambiguity.

[The Courts of Love](#) May 28 2022 When I look back over my long and tempestuous life, I can see that much of what happened to me—my triumphs and most of my misfortunes—was due to my passionate relationships with men. I was a woman who considered herself their equal—and in many ways their superior—but it seemed that I depended on them, while seeking to be the dominant partner—an attitude which could hardly be expected to bring about a harmonious existence. Eleanor of Aquitaine was revered for her superior intellect, extraordinary courage, and fierce loyalty. She was equally famous for

her turbulent relationships, which included marriages to the kings of both France and England. As a child, Eleanor reveled in her beloved grandfather's Courts of Love, where troubadours sang of romantic devotion and passion filled the air. In 1137, at the age of fifteen, Eleanor became Duchess of Aquitaine, the richest province in Europe. A union with Louis VII allowed her to ascend the French throne, yet he was a tepid and possessive man and no match for a young woman raised in the Courts of Love. When Eleanor met the magnetic Henry II, the first Plantagenet King of England, their stormy pairing set great change in motion—and produced many sons and daughters, two of whom would one day reign in their own right. In this majestic and sweeping story, set against a backdrop of medieval politics, intrigue, and strife, Jean Plaidy weaves a tapestry of love, passion, betrayal, and heartbreak—and reveals the life of a most remarkable woman whose iron will and political savvy enabled her to hold her own against the most powerful men of her time.

*Art Lover* Jun 16 2021 Peggy Guggenheim -- millionairess, legendary lover, sadomasochist, appalling parent, selective miser -- was one of the greatest and most notorious art patrons of the twentieth century. After her father, Benjamin Guggenheim, went down with the Titanic, the young heiress came into a small fortune and left for Europe. She married the writer Laurence Vail and joined the American expatriate bohemian set. Though her many lovers included such lions of art and literature as Samuel Beckett, Max Ernst (whom she later married), Yves Tanguy, and Roland Penrose, real love always seemed to elude her. In the late 1930s, Peggy set up one of the first galleries of

modern art in London, quickly acquiring a magnificent selection of works, buying great numbers of paintings from artists fleeing to America after the Nazi invasion of France. Escaping from Vichy, she moved back to New York, where she was a vital part of the new American abstract expressionist movement. Meticulously researched, filled with colorful incident, and boasting a distinguished cast, Anton Gill's biography reveals the inner drives of a remarkable woman and indefatigable patron of the arts.
