Ever Since I Did Not Die May 28 2022 "I gathered these texts like someone collecting body parts. Here are the pieces of my body, haphazardly brought together in a paper bag. It looks like me with all my madness and sickness--how the revolution made me grow up, what the war broke inside me, and what exile chipped away." The texts gathered in Ever Since I Did Not Die by Syrian-Palestinian poet Rami Al-Asheq are a poignant record of a fateful journey. Having grown up in a refugee camp in Damascus, Al-Asheq was imprisoned and persecuted by the regime in 2011 during the Syrian Revolution. He was released from jail, only to be recaptured and imprisoned in Jordan. After escaping from prison, he spent two years in Jordan under a fake name and passport, during which he won a literary fellowship that

allowed him to travel to Germany in 2014, where he now lives and writes in exile. Through seventeen powerful testimonies, *Ever Since I Did Not Die* vividly depicts what it means to live through war. Exquisitely weaving the past with the present and fond memories with brutal realities, this volume celebrates resistance through words that refuse to surrender and continue to create beauty amidst destruction--one of the most potent ways to survive in the darkest of hours.

We Died Before We Came Here Apr 02 2020 If not you, who? If not now, when? This was the challenge answered by Stephen Foreman and his wife, Emily, when they traded in their American white picket fence for a giant, dusty sandbox as missionaries in the deserts of North Africa. Stephen had given Emily a well-read copy of Foxe's *Book of Martyrs* on their first date, a telling foreshadowing of the ultimate cost he would pay when, at 39, he was shot and killed by al-Qaeda operatives. His life and death planted a seed of boldness and inspiration in the hearts of local believers. This seed would grow and multiply efforts to help reach the very goal that Stephen was willing to give his life for—glorifying God and seeing his Kingdom established among the nations. In this memoir, Emily, left with four kids and an undying calling to reach the Muslim world, recounts their heartrending yet uplifting story of sacrifice and love for a people held captive by the ultimate Enemy. Stephen did not die in vain. This promise echoes through the book's pages and far beyond, in the minds and lives of countless individuals touched by a man who daily put his life in the hands of God. Because of security issues and the need to protect other workers and local believers in the country, the book employs pseudonyms for all major characters, including the authors.

The Self Does Not Die Jul 06 2020 Are near-death experiences (NDEs) just elaborate hallucinations produced by a dying brain? Or the exuberant fantasies of attention-seeking narcissists? As the accounts in this book abundantly demonstrate: Neither! This book contains over 100 reliable, often firsthand accounts of perceptions during NDEs that were later verified as accurate by independent sources. These near-death experiencers were everyday people from all over the world-many of whom were clinically dead, unable to see or hear, and yet able to perceive new vistas of a world beyond the senses and even beyond death. "The Self Does Not Die" is a trailblazing effort to present the most confirmed cases of consciousness beyond death ever compiled. In these cases, the authors have gone back to the original sources, the people involved in each case, whenever possible, rather than relying on secondhand sources. In so doing, they have assembled a unique collection of empirical data that any scholar worthy of the name must take into account. By carefully studying and describing many convincing and corroborated cases, during cardiac arrest and other cases, the authors conclude that there are good reasons to assume that our consciousness does not always coincide with the functioning of our brain: Enhanced consciousness can sometimes be experienced separately from the body. This book is a "must read" for anyone wanting to know more about this fascinating subject with its implications about the very nature of human consciousness and its survival of physical death. It has the potential to radically change the currently still widely accepted materialist paradigm in science.

Some of Us Did Not Die Nov 02 2022 "She remains a thinker and activist who 'insists upon complexity.'" Reamy Jansen, San Francisco

Chronicle*Some of Us Did Not Die brings together a rich sampling of the late poet June Jordan's prose writings. The essays in this collection, which include her last writings and span the length of her extraordinary career, reveal Jordan as an incisive analyst of the personal and public costs of remaining committed to the ideal and practice of democracy. Willing to venture into the most painful contradictions of American culture and politics, Jordan comes back with lyrical honesty, wit, and wide-ranging intelligence in these accounts of her reckoning with life as a teacher, poet, activist, and citizen.

Nine Rules to Conquer Death Nov 21 2021 How should we conquer death? Our eternal existential question. The unspoken why of all action and thought. Death is all around us but unseen. A shadow companion who haunts our gnawing anxieties over what the future holds. The virus. The stab of doubt in every lump beneath the skin. Can anyone overcome the fear of dying? Drawing on the wisdom of the ancients, from the Aztecs and the Iliad to the Irish Wake, *Nine Rules to Conquer Death* provides the answer to those eternal mortal fears and longings. Kevin Toolis distils insights drawn from millennia of human experience into a profound and punchy guide to dying – and living – well. Why life would be terrible if we did not die. Why we should embrace our mortality, and see the life-affirming necessity of sharing the company of the dead. *Nine Rules* up-ends every fear and presumption we hold about death to help us live a more authentic, fear-free life. *Nine Rules* is a guidebook like no other.

Is It Appointed Unto Man Once to Die? Sep 07 2020 Is GOD trustworthy? Can we put confidence in Scripture to mean what it says? Many people have tried to discredit the Bible because they say that it “contradicts itself.” Have you ever seen what appears to be a contradiction in Scripture? Even the preaching from the pulpit has cast doubt on the principles taught in the Bible. Take the subject of death for instance. The Bible clearly states that it is “appointed unto man once to die,” but then we are told about the stories of Enoch, Moses and Elijah. It is said that they did not die. Many preachers even go on to say that believers today may not experience death. Today, stories are told of those who have died and then returned to tell of what heaven is like. Those stories appear to contradict the basic teaching of death and create a hope for many that is not founded on Scripture. Ron McRay is an expert in making difficult passages easy to understand by uncovering gems of knowledge that have been hiding in plain sight all along. This is book #5 of fourteen where he brings forth Biblical truths that “Your Preacher Forgot To

Tell You!” Uncover the gems about the subject of death and what it means for you in this simple, but profound Bible study book. It will give you confidence in knowing that the Bible really is dependable and trustworthy. *We Don't Die* Aug 26 2019 This is the phenomenal true story of the world-renowned psychic medium George Anderson—the groundbreaking book that first brought afterlife experience into the light. For over 12 years Joel Martin documented evidence of Anderson's powers—the ability to reach 'the other side'—and repeatedly astonished believers and skeptics. This is the book of those universal visions, the inspiring messages of hope, truth, and peace, and a glimpse into eternity to answers to the unfathomable questions about life and death.

I, Who Did Not Die Apr 26 2022 Khorramshahr, Iran, May 1982—It was the bloodiest battle of one of the most brutal wars of the twentieth century, and Najah, a twenty-nine-year-old wounded Iraqi conscript, was face to face with a thirteen-year-old Iranian child soldier who was ordered to kill him. Instead, the boy committed an astonishing act of mercy. It was an act that decades later would save his own life. This is a remarkable story. It is gut-wrenching, essential, and astonishing. It's a war story. A love story. A page-turner of vast moral dimensions. An eloquent and haunting act of witness to horrors beyond grimmest fiction, and a thing of towering beauty. More importantly, it is a story that must be told, and a richly textured view into an overlooked conflict and misunderstood region. This is the great untold story of the children and young men whose lives were sacrificed at the whim of vicious dictators and pointless, barbaric wars. Little has been written of the Iran-Iraq war, which was among the most brutal conflicts of the twentieth century, one fought with chemical weapons, ballistic missiles, and cadres of child soldiers. The numbers involved are staggering: —All told, it claimed 700,000 lives—200,000 Iraqis, and 500,000 Iranians. —Young men of military service age—eighteen and above in Iraq, fifteen and above in Iran—died in the greatest numbers. —80,000 Iranian child soldiers were killed, mostly between the ages of sixteen and seventeen. —The two countries spent a combined 1.1 trillion dollars fighting the war. Rarely does this kind of reportage succeed so power- fully as literature. More rarely still does such searingly brilliant literature—fit to stand beside Remarque, Hemingway, and O'Brien—emerge from behind “enemy” lines. But Zahed, a child, and Najah, a young restaurateur, are rare men—not just survivors, but masterful, wondrously gifted storytellers. Written with award-winning journalist Meredith May, this is literature of a very high order, set down with passion,

urgency, and consummate skill. This story is an affirmation that, in the end, it is our humanity that transcends politics and borders and saves us all.

10 Reasons Jesus Came to Die (Pack of 25) Dec 31 2019 Why did Jesus Christ suffer and die? I believe that is the most important question of the twenty-first century. Here are ten answers from the Bible. Jesus came to die... #10) To destroy hostility between races The suspicion, prejudice, and demeaning attitudes between Jews and non-Jews in Bible times were as serious as the racial, ethnic, and national hostilities today. Jesus died to create a whole new way for races to be reconciled: he "has broken down...the dividing wall of hostility...making peace...through the cross" (Ephesians 2:14-16). It is impossible to build lasting unity among races by saying that all religions can come together as equally valid. God sent his Son into the world as the only means of saving sinners and reconciling races. Only as the races find this reconciliation will they love and enjoy each other. #9) To give marriage its deepest meaning God's design was never for marriages to be miserable, yet many are. That's what sin does...it makes us treat each other badly. Jesus died to change that. He knew that his suffering would make the deepest meaning of marriage plain. That's why the Bible says, "Husbands, love your wives, as Christ loved the church and gave himself up for her" (Ephesians 5:25). God's design for marriage is for a husband to love his wife the way Christ loves his people, and for the wife to respond the way Christ's people should. This kind of love is possible because Christ died for both husband and wife. #8) To absorb the wrath of God God's law demanded, "You shall love the Lord your God with all your heart and with all your soul and with all your might" (Deuteronomy 6:5). But we have all loved other things more. This is what sin is--dishonoring God by preferring other things over him, and acting on those preferences. The seriousness of an insult rises with the dignity of the one insulted. Since our sin is against the Ruler of the Universe, "the wages of [our] sin is death" (Romans 6:23). Not to punish it would be unjust. So God sent his own Son, Jesus, to divert sin's punishment from us to himself. God "loved us and sent his Son to be the propitiation"--the wrath-absorbing substitute--"for our sins" (1 John 4:10). Then God publicly endorsed Christ's accomplishment by raising him from the dead, proving the success of his suffering and death. #7) So that we would escape the curse of the law There was no escape from the curse of God's law. It was just; we were guilty. There was only one way to be free: someone must pay the penalty. "Christ redeemed us from the curse of the law by becoming a curse for us" (Galatians 3:13). The law's demands have been fulfilled by

Christ's perfect law-keeping, its penalty fully paid by his death. This is why the Bible teaches that getting right with God is not based on law-keeping: "A person is not justified by works of the law but through faith in Jesus Christ" (Galatians 2:16). Our only hope is having the blood and righteousness of Christ credited to our account. #6) To reconcile us to God The reconciliation that needs to happen between man and God goes both ways. God's first act in reconciling us to himself was to remove the obstacle that separated him from us--the guilt of our sin. He took the steps we could not take to remove his own judgment by sending Jesus to suffer in our place: "While we were enemies we were reconciled to God by the death of his Son" (Romans 5:10). Reconciliation from our side is simply to receive what God has already done, the way we receive an infinitely valuable gift. #5) To show God's love for sinners The measure of God's love is shown by the degree of his sacrifice in saving us from the penalty of our sins: "he gave his only Son" (John 3:16). When we add the horrific crucifixion that Christ endured, it becomes clear that the sacrifice the Father and the Son made to save us was indescribably great! The measure of his love increases still more when we consider the degree of our unworthiness. "God shows his love for us in that while we were still sinners, Christ died for us" (Romans 5:8). Our debt is so great, only a divine sacrifice could pay it. #4) To show Jesus' own love for us The death of Christ is also the supreme expression that he "loved me and gave himself for me" (Galatians 2:20). It is my sin that cuts me off from God. All I can do is plead for mercy. I see Christ suffering and dying "to give his life as a ransom for many" (Matthew 20:28). And I ask, am I among the "many"? And I hear the answer, "Whoever believes in him should not perish but have eternal life" (John 3:16). Jesus paid the highest price possible to give me--personally--the greatest gift possible. #3) To take away our condemnation The great conclusion to the suffering and death of Christ is this: "There is therefore now no condemnation for those who are in Christ Jesus" (Romans 8:1). To be "in Christ" means to be in relationship to him by faith. Christ becomes our punishment (which we don't have to bear) and our worth before God (which we cannot earn). The death of Christ secures freedom from condemnation for those who believe that Christ has served their death sentence. It is as sure that they cannot be condemned as it is sure that Christ died! #2) To bring us to God "Gospel" means "good news," and it all ends in one thing: God himself. The gospel is the good news that at the cost of his Son's life, God has done everything necessary to captivate us with what will make us eternally and ever-increasingly happy--namely, himself. "Christ...suffered once for sins, the

righteous for the unrighteous, that he might bring us to God" (1 Peter 3:18). #1) To give eternal life to all who believe on Him Jesus made it plain that rejecting the eternal life he offered would result in the misery of eternity in hell: "Whoever does not believe is condemned already....the wrath of God remains on him" (John 3:18, 36). But for those who trust Christ, the best is yet to come. "No eye has seen, nor ear heard, nor the heart of man imagined what God has prepared for those who love him" (1 Corinthians 2:9). We will see the all-satisfying glory of God. "This is eternal life, that they know you the only true God, and Jesus Christ whom you have sent" (John 17:3). For all these reasons and more, Christ suffered and died. Why would you not embrace him as your Savior from sin and judgment, and live with God eternally? If you are moved to embrace God's Son in this way, tell God in words like these: Dear God, I'm convinced that Jesus suffered and died for my sins. I gratefully trust in him now as my Lord and my precious Treasure and the only way I'll ever receive your forgiveness and your promise of eternal life. Amen.

Icarus Did Not Die Aug 19 2021 Description This is a collection of short stories, poems and essays which chart a journey through the counter-culture, regular hospitalizations, psychosis, depression and addictions. But not only my own, it includes essays on others who had a similar voyage e.g. Beat poet: Elise Cowen who died age 29 unpublished and is now recognized as a major poet in that genre and on the beliefs which both created conflict with the

system but also had the capacity to sustain throughout. About the Author He was born in 1959. Home was troubled and he ran away to London age 13, lived in the 'counter-culture' in various well organized squats. Became ill after about 9 months and was placed in the Care of the local council. Then fostered to a radical academic couple, although that didn't survive long and he went back underground; eventually being arrested in Guildford. The magistrate slapped statutory 'Care Order' on him saying 'He was in need of care and protection.' At 14 he went to live in Hollymoor Hospital in Birmingham; this would be age 14-16. He was fairly frequently restrained and given injections of chlorpromazine. Upon discharge he lived for a short time in the 'Birmingham Settlement', but became ill and was moved to a specialist manic-depressive unit where he first had ECT, age 16. Care Order was revoked at 17 but substance abuse continued with regularly admissions to Central Hospital with psychotic episodes and would sometimes go into semi-catatonia. At 20 he was diagnosed with schizophrenia. Some of the admissions were for periods of around a year. At the age 25 had specialist help with substance abuse problems and he has been 'clean' 24 years and 'dry 13 years'. In 1984 he was hearing a lot of voices and seeing things, spent a year in Central Hospital, two years in a Pre-discharge Unit in the community and then eight years in 'group homes', but he now lives in his own flat with 'Support Workers' visiting twice a week and a nurse once every two weeks. He sees a psychiatrist every three months. His body became toxic with medication in 2003 and was seriously ill physically, but is now on newer meds and is much better. He has a B.A (Hons) from the Open University and a 'Certificate in English Studies' at Warwick University, does a little job in a bookshop once a week and runs a small magazine that he produces every two months. He is now 49 and unfortunately has Hep C. He experienced three episodes of fairly minor abuse when a teenager and during the whole period there have been some nurses etc who have made his life difficult because of a firmly held leftist ideological perspective.

Those Who Did Not Die Jan 24 2022 Even as they produce food for society and its people, lives dependent on agriculture are barely able to make ends meet. The cost of food production far outweighs the returns; the peasantry is falling prey to indebtedness, both institutionalized and non-institutionalized. It is facing the severest of challenges, with even dalit landless labourers becoming victims of indebtedness and succumbing to suicide, Based on a study done in eight districts of the Malwa region of the Punjab, this book uses quantitative data along with field work, narratives and interviews with peasant unions. Over 136 families have been interviewed where women as wives and mothers of the deceased speak of the aftermath of the suicide. The book outlines the distress borne by the family, including women, the children and the elderly in the aftermath of peasant suicides. By doing so, it interrogates the split between public and private; production and social reproduction; work and family. It highlights the determining character of capitalist-intensive agriculture in today's crisis times by focusing on women's

reality and renewed hardships in a caste, class and patriarchal society.

The Theory That Would Not Die Dec 23 2021 "This account of how a once reviled theory, Baye's rule, came to underpin modern life is both approachable and engrossing" (Sunday Times). A New York Times Book Review Editors' Choice Bayes' rule appears to be a straightforward, one-line theorem: by updating our initial beliefs with objective new information, we get a new and improved belief. To its adherents, it is an elegant statement about learning from experience. To its opponents, it is subjectivity run amok. In the first-ever account of Bayes' rule for general readers, Sharon Bertsch McGrayne explores this controversial theorem and the generations-long human drama surrounding it. McGrayne traces the rule's discovery by an 18th century amateur mathematician through its development by French scientist Pierre Simon Laplace. She reveals why respected statisticians rendered it professionally taboo for 150 years—while practitioners relied on it to solve crises involving great uncertainty and scanty information, such as Alan Turing's work breaking Germany's Enigma code during World War II. McGrayne also explains how the advent of computer technology in the 1980s proved to be a game-changer. Today, Bayes' rule is used everywhere from DNA de-coding to Homeland Security. Drawing on primary source material and interviews with statisticians and other scientists, *The Theory That Would Not Die* is the riveting account of how a seemingly simple theorem ignited

one of the greatest controversies of all time.
