And Breathe      Sep 19 2021 A wellbeing guide to the art of conscious breathing techniques: boost energy, combat stress and improve heart health. Breathing is something we all know how to do. And yet, the majority of teenagers and adults let go of their natural ability to breathe fully. We are conditioned from an early age to control our feelings and emotions, and as a result our muscles tighten and our breathing patterns become restricted. The impact on our mental and physical wellbeing is huge. By learning how to consciously connect to our breath and encourage its natural rhythms, we can harmonise the body and mind, live life fully, find emotional freedom and feel empowered. And Breathe teaches readers how to harness the power of conscious breathing, a technique which helps alleviate stress, fatigue and negative emotions such as anger, frustration and depression, leaving readers feel calm yet energised, focused yet relaxed. It is a practical guide to letting go of the unwanted patterns of emotions, blockages and tension which hold us back and includes simple to follow exercises, tips, case studies, interviews and testimonials.

Monitor (Take 2)      Jul 26 2019 For two decades starting in 1955, millions of Americans spent their weekends listening to an extraordinary radio program-NBC's Monitor. Running continuously from Saturday morning through Sunday night, Monitor featured big-name hosts like Dave Garroway, Hugh Downs, Gene Rayburn, Ed McMahon, Henry Morgan, Barry Nelson, Joe Garagiola, Bill Cullen, Jim Lowe and Murray the K- all broadcasting from mammoth studios called "Radio Central." Monitor spotlighted a galaxy of feature reporters such as Arlene Francis, Gene Shalit, Bob Considine and Mel Allen. Comedy came from Bob and Ray, Nichols and May and Ernie Kovacs-and "Miss Monitor" gave her unforgettable weather forecasts. This is the vastly expanded, revised edition of Dennis Hart's inside look at Monitor. Included are dozens of new, never-before-told stories about the men and women of Monitor. Readers will discover-or remember-what made Monitor such a "must-listen" experience in the mid-20th century-and learn, for the first time, the real story about the death of America's last great radio show. Monitor (Take 2) is the "last word" about a true broadcasting institution.

A Practical Guide to Event Promotion Dec 23 2021 This Practical Guide to Event Promotion offers the reader a short and succinct overview of the range of marketing communication materials from print to social marketing that can be used to promote an event successfully to the correct target markets. It includes invaluable advice on how to identify the type of communication tools most applicable to the type of event that is being promoted and its target market; how to effectively use and implement these; useful tips on things to avoid; as well as suggested time frames to use before, during and after the event. Examples of best practice and insights from events marketers are integrated throughout. Although full of practical information, a strong theoretical base underpins the advice included on how event managers can apply communication and persuasion theory to key audiences. This book will be a useful resource for Events Management students putting on an event as part of their course and for assessments, and those wanting to convert general theory into practical skills they will use in the workplace.

The Oulipo and Modern Thought Aug 19 2021 The impact of the Oulipo (Ouvroir de Litterature Potentielle), one of the most important groups of experimental writers of the late twentieth century, is still being felt in contemporary literature, criticism, and theory, both in Europe and the US. Founded in 1960 and still active today, this Parisian literary workshop has featured among its members such notable writers as Italo Calvino, Georges Perec, and Raymond Queneau, all sharing in its light-hearted, slightly boozy bonhomie, the convivial antithesis of the fractious, volatile coteries of the early twentieth-century avant-garde. For the last fifty years the Oulipo has undertaken the same simple goal: to investigate the potential of 'constraints' in the production of literature--that is, formal procedures such as anagrams, acrostics, lipograms (texts which exclude a certain letter), and other strange and complex devices. Yet, far from being mere parlour games, these methods have been frequently used as part of a passionate--though sometimes satirical--involvement with the major intellectual currents of the mid-twentieth century. Structuralism, psychoanalysis, Surrealism, analytic philosophy: all come under discussion in the group's meetings, and all find their way in the group's exercises in ways that, while often ironic, are also highly informed. Using meeting minutes, correspondence, and other material from the Oulipo archive at the Bibliotheque nationale de France, The Oulipo and Modern Thought shows how the group have used constrained writing as means of puckish engagement with the debates of their peers, and how, as the broader intellectual landscape altered, so too would

the group's conception of what constrained writing can achieve.

Guide Jun 28 2022 A brilliant novel of LA's underground from the author of Closer, "the last literary outlaw in mainstream American fiction" (Bret Easton Ellis). Chris is a young porn star who wants to experience death at someone else's hand; Mason has lurid fantasies about members of British pop bands; Sniffles is a teenage runaway whose need for love outweighs his attachment to life. Courtesy of a frankly manipulative author/narrator named Dennis, these characters move through a subterranean Los Angeles where hallucination and reality, sex and suicide, love and indifference run together in terrifying ways. Guide, the fourth novel in a projected

five-book cycle, continues to explore the boundaries of experience in the manner that has earned Dennis Cooper comparisons to Poe, Genet, and Baudelaire. "The most seductively frightening, best written novel of contemporary urban life that anyone has attempted in a long time; it's the funniest, too." —Los Angeles Times Book Review "With Guide, America's most daring novelist has given us his masterpiece." —The Face "Make[s] American Psycho and Lolita seem tame . . . A brilliantly base tale of human self-destruction for the brave." —The Times (London) "Dante's Inferno with George Bataille as your escort, damaged yet exhilarating." —Arena "Though the story is as compelling as it is perverse, Cooper purposefully overrides it with an innovative style and raw, truthful character studies . . . With Guide, Cooper claims his place, alongside Genet and Burroughs, as a master of his own disenfranchised generation." —Library Journal

DNA GCSE Student Guide Feb 10 2021 Written specifically for GCSE students by academics in the field, the Methuen Drama GCSE Student Guides conveniently gather indispensable resources and tips for successful understanding and writing all in one place, preparing students to approach their exams with confidence. Key features include a critical commentary of the play with extensive, clearly labelled analyses on themes, characters and context. They take studying drama even further with sections on dramatic technique, critical reception, related works, fascinating behind-the-scenes interviews with playwrights, directors or actors, and a helpful glossary of dramatic terms. Dennis Kelly's play DNA centres on friendship, morality and responsibility in odd circumstances. When a group of young friends are faced with a terrible accident, they deliberately make the wrong choices to cover it up and find themselves in an unusually binding friendship where no one will own up to what they've done. Closely following the requirements of GCSE English Literature assessment objectives, these studies include expert advice on how to write about modern drama. With featured activities for group study and independent work, they are versatile and valuable to students and teachers alike.

Grass Roots Leaders Aug 26 2019 Grass Roots Leaders galvanizes the emotional enthusiasm of the workforce and taps the wealth of their brain power to create an engine of innovation that ripples through the organization from the bottom up and powers it forward. Tony Buzan, Tony Dottino and Richard Israel pick up a theme they first introduced nearly a decade ago in The Brain Smart Leader and document a way of fundamentally changing the perspective and behaviour of leaders and employees in your organization. Their approach shows how to: ? use the brain's capacity for solving problems and implementing innovative plans to make the organization's vision a reality; ? adopt a three-speed technique - first gear to slow down and allow new

learning or support for difficult transition periods. Second gear shifts up to a productive work outcome, and then third gear revs up to champion innovation and change; ? apply a series of proven models for dealing with information overload, making the best use of scarce resources, such as time, and keeping sight of successful outcomes as they are developed. The book accurately captures the current state of thinking in organizations, as well as the latest research on how our brains work, to deliver a radical blueprint for how organizations need to change to survive and what this means to their managers and to their employees. If you are a leader who longs to use the grass roots intellectual capital in your organization but, given the quantity of meetings, e-mail, crises and reorganizations, you simply haven't had the time, this book is for you. And if you are an employee who is sick and tired of daily stress, bad planning and poorly thought-through changes and implementations, customer complaints but no improvements, this book is for you, too. A Brain Smart Revolution in Business starts with one person. You.

A Practical Guide to Television Sound Engineering                      Nov 02 2022 Covers the basics of television audio engineering.

Radio's Second Century                      Nov 29 2019 Winner of the 2022 Broadcast Education Association Book Award One of the first books to examine the status of broadcasting on its one hundredth anniversary, Radio's Second Century investigates both vanguard and perennial topics relevant to radio's past, present, and future. As the radio industry enters its second century of existence, it continues to be a dominant mass medium with almost total listenership saturation despite rapid technological advancements that provide alternatives for consumers. Lasting influences such as on-air personalities, audience behavior, fan relationships, and localism are analyzed as well as contemporary issues including social and digital media. Other essays examine the regulatory concerns that continue to exist for public radio, commercial radio, and community radio, and discuss the hindrances and challenges posed by government regulation with an emphasis on both American and international perspectives. Radio's impact on cultural hegemony through creative programming content in the areas of religion, ethnic inclusivity, and gender parity is also explored. Taken together, this volume comprises a meaningful insight into the broadcast industry's continuing power to inform and entertain listeners around the world via its oldest mass medium--radio.

Media Management in the Age of Giants                      Jun 04 2020 The emergence of giant media corporations has created a new era in mass communications. The world of media giants--with a focus on the bottom line--makes awareness of business and financial issues critical for everyone in the industry. This timely new edition of a popular and successful textbook introduces basic business concepts, terminology, history, and management theories in the context of contemporary events. It includes up-to-date information on technology and addresses the major problem facing media companies today: How can the news regain profitability in the digital age? Focusing on newspaper, television, and radio companies, Herrick fills his book with real-life examples, interviews with media managers, and case studies. In a time when all the rules are changing because of digital technology, conglomeration, and shifting consumer habits, this text is a vital tool for students and working journalists.

Book Parts                      Apr 26 2022 Book Parts tells the histories of the parts of a book that are not the main text: chapter heads, page numbers, introductions, indexes . . . Each of these elements emerged at a certain time and developed in a particular way. The book is arranged into twenty two chapters, covering topics from front matter (title page, frontispiece, etc.) to back (errata list, endleaves, etc.), and each written by an expert on the subject but with an emphasis on lightness,so that its presentation is authoritative but not ponderous.

**Christian Radio** Nov 21 2021 Religious programming has been on the airwaves since broadcasting began, but today it is one of the fastest growing categories in radio. This book examines the progression of Christian radio from its beginnings on tiny local stations (like WCAL from St. Olaf's College in Minnesota) to its presence on network and satellite radio of today. The author notes the factors that brought Christian music into the mainstream and discusses how network policies and regulations affected the development of Christian radio. Also considered are the changing demographics that have contributed to the success of Christian broadcasting. Major Christian networks and their evangelical missions are discussed, along with such programs A Money Minute, Life on the Edge and Focus on the Family, which offer practical topical advice for today's Christian. The final chapter considers the future of Christian radio.
