**A Hat Full of Sky** May 28 2022 THE SECOND BOOK IN THE TIFFANY ACHING SERIES Something is coming after Tiffany. . . Tiffany Aching is ready to begin her apprenticeship in magic, but life isn't exactly what she thought it would be. She expects spells and magic - not chores and ill-tempered goats! Surely there must be more to witchcraft than this? And Tiffany will find that she needs her magic more than ever, to fight off the insidious, disembodied creature that is pursuing her. This time, neither Mistress Weatherwax (the greatest witch in the world) nor the fierce, six-inch-high Wee Free Men can protect her. In the end, it will take all of Tiffany's inner strength to save herself. Will she succeed?

*Winter Flowers* Jun 24 2019 It's October 1918 and the war is drawing to a close. Toussaint Caillet returns home to his wife, Jeanne, and the young daughter he hasn't seen growing up. He is not coming back from the front line but from the department for facial injuries at Val-de-Grâce military hospital, where he has spent the last two years. For Jeanne, who has struggled to endure his absence and the hardships of wartime, her husband's return marks the beginning of a new battle. With the promise of peace now in sight, the family must try to stitch together a new life from the tatters of what they had before.

**Children of the Stars** Aug 26 2019 From international bestselling author Mario Escobar comes a story of escape, sacrifice, and hope amid the perils of the Second World War. August 1942. Jacob and Moses Stein, two young Jewish brothers, are staying with their aunt in Paris amid the Nazi occupation. The boys' parents, well-known German playwrights, have left the brothers in their aunt's

care until they can find safe harbor for their family. But before the Steins can reunite, a great and terrifying roundup occurs. The French gendarmes, under Nazi order, arrest the boys and take them to the Vélodrome d'Hiver—a massive, bleak structure in Paris where thousands of France's Jews are being forcibly detained. Jacob and Moses know they must flee in order to survive, but they only have a set of letters sent from the South of France to guide them to their parents. Danger lurks around every corner as the boys, with nothing but each other, trek across the occupied country. Along their remarkable journey, they meet strangers and brave souls who put themselves at risk to protect the children—some of whom pay the ultimate price for helping these young refugees of war. This inspiring novel, now available for the first time in English, demonstrates the power of family and the endurance of the human spirit—even through the darkest moments of human history. World War II historical fiction inspired by true events Book length: 94,000 words Includes discussion questions for reading groups, a historical timeline, and notes from the author "A poignant telling of the tragedies of war and the sacrificing kindness of others seen through the innocent eyes of children." —J'neil Ciesielski, bestselling author of *The Socialite* and *Beauty Among Ruins*

[The Complete Entertainment Discography, from the Mid-1890s to 1942](#) Sep 19 2021 "The first book to trace the recording careers of the great entertainers: singers, comics, actors and actresses, vocal groups, show-business personalities."--Jacket.

**Ferme les yeux et vois !** May 04 2020 Cet ensemble de 46 textes débute par une nouvelle, Gaz hilarant, écrite en 1919 et se conclut par une interview de 1977, sobrement intitulée *Survivre*. Comme on peut s'y attendre, Alfred Hitchcock nous dévoile, sans artifices, les procédés et mécanismes d'un métier. Et nous explique sans relâche comment il est parvenu à la maîtrise de son art. Mais il ne faudrait pas s'y tromper et ne voir ici que les simples mémoires d'un cinéaste. Hitchcock se montre, à chaque instant, un artiste complet, qui pense le cinéma en termes de peinture, de littérature. Ou encore un stratège génial, rompu au jeu d'échecs et assez rusé pour s'amuser à démontrer l'apport du cinéma à Shakespeare, ou à prophétiser le système de production contemporain.

**A Winter's Promise** Jul 18 2021 Lose yourself in the fantastic world of the arks and in the company of unforgettable characters in this French runaway hit. Plain-spoken, headstrong Ophelia cares little about appearances. Her ability to read the past of objects is unmatched in all of Anima and, what's more, she possesses the ability to travel through mirrors, a skill passed down to her from previous

generations. Her idyllic life is disrupted, however, when she is promised in marriage to Thorn, a taciturn and influential member of a distant clan. Ophelia must leave all she knows behind and follow her fiancé to Citaceleste, the capital of a cold, icy ark known as the Pole, where danger lurks around every corner and nobody can be trusted. There, in the presence of her inscrutable future husband, Ophelia slowly realizes that she is a pawn in a political game that will have far-reaching ramifications not only for her but for her entire world.

**Winter Fragments (fragments D'hiver)** Nov 21 2021 French-English poetry collection -Recueil de poésie français-anglais This collection follows "late flowers die last" autumn made way for winter, a time to rest & reflect, but keep growing too. Once again exploring love, loss, grief, recovery and empowerment, sprinkled with (sometimes dark) humour, this collection reminds us that seasons don't last - but we can. Dans la lignée de "late flowers die last" (les fleurs tardives meurent en dernier), ce recueil explore sur fond d'hiver les thèmes de l'amour, du deuil, de la guérison, de la résilience et de la quête d'identité, avec une bonne dose d'humour (parfois noir) et d'optimisme. From the back cover - 4ème de couverture Heartbreaking storytelling, gorgeous imagery, and surprising turns-of-phrase blend together to create a collection that lingers long after you've put it down. Narration poignante, images frappantes et tournures de phrase surprenantes se mêlent au fil des poèmes pour créer un univers qui vous hantera longtemps après avoir refermé ce recueil.. About the author Diane Lato is a French writer currently based in Rennes, France. This poetry collection is her second publication. When she's not writing, she's obsessed with dark humour (and chocolate), ducks, rollercoasters and concerts. Diane Lato vit actuellement à Rennes. Ce recueil est sa seconde publication. Quand elle n'est pas occupée à écrire, elle apprend le polonais et affectionne particulièrement l'humour noir (comme le chocolat) et les canards.

*Marie Marvingt, Fiancee of Danger* Oct 09 2020 Marie Marvingt (1875-1963) set the world's first women's aviation records, won the only gold medal for outstanding performance in all sports, invented the airplane ambulance, was the first female bomber pilot in history, fought in World War I disguised as a man, took part in the Resistance of World War II, was the first to survive crossing the English Channel in a balloon, worked all her life as a journalist, spent years in North Africa and invented metal skis. Her life story was so unusually rich in exploits and accomplishments that some dismissed it as a hoax. This biography explores the life of "the most incredible woman since Joan of Arc" and investigates the reasons she has been forgotten. Known as the "fiancee of danger," she was the model for the silent film series *The Perils of Pauline*.

**The Deacon's Tale** Dec 31 2019 *The Deacon's Tale* is the story of Cai Rui, Task Force Commander of the infamous "Black Section" of the Sol Force Intelligence Corps and a loyal Archdeacon of the Roman Catholic Church. Charged to investigate a brutal massacre of Catholic converts on a distant alien world, Cai Rui finds himself on the trail of a killer who can threaten not only his life, but his very soul. As a brutal new race emerges from the shadows, one man will be tested to the extremes of courage and faith by an enemy who dares to call himself..."The Deacon." "Sword of the Stars. I have played almost nothing else for a week... I had a fever this weekend, and I experienced dreams about the game that were so gripping, so true to life, and in their way terrifying, that I now believe the future described in the *Sword of the Stars* wiki to be the accurately predicted future of our galaxy." -

**Canadian Film and Video** Mar 14 2021 This extensive bibliography and reference guide is an invaluable resource for researchers, practitioners, students, and anyone with an interest in Canadian film and video. With over 24,500 entries, of which 10,500 are annotated, it opens up the literature devoted to Canadian film and video, at last making it readily accessible to scholars and researchers. Drawing on both English and French sources, it identifies books, catalogues, government reports, theses, and periodical and newspaper articles from Canadian and non-Canadian publications from the first decade of the twentieth century to 1989. The work is bilingual; descriptive annotations are presented in the language(s) of the original publication. Canadian Film and Video / Film et vidéo canadiens provides an in-depth guide to the work of over 4000 individuals working in film and video and 5000 films and videos. The entries in Volume I cover topics such as film types, the role of government, laws and legislation, censorship, festivals and awards, production and distribution companies, education, cinema buildings, women and film, and video art. A major section covers filmmakers, video artists, cinematographers, actors, producers, and various other film people. Volume II presents an author index, a film and video title index, and a name and subject index. In the tradition of the highly acclaimed publication Art and Architecture in Canada these volumes fill a long-standing need for a comprehensive reference tool for Canadian film and video. This bibliography guides and supports the work of film historians and practitioners, media librarians and visual curators, students and researchers, and members of the general public with an interest in film and video.

Discover the Stars Nov 29 2019 For everyone who has looked up at the stars on a clear night and longed to know more about them, here is the perfect introduction and guide to discovering the stars. Discover the Stars leads you on a tour of all the stars and constellations visible with the naked eye and introduces you to deep-sky objects that can be seen with binoculars or a simple telescope. The tour is conducted by the editor of Astronomy magazine, Richard Berry, whose two-color, computer-plotted sky maps and clear instructions make stargazing fun and productive from your first night out. The heart of Discover the Stars is two sections of big, beautiful sky maps and charts. The first section features twelve maps that show the entire sky overhead as it appears during each month of the year. These outline all the constellations visible anywhere in the Northern Hemisphere, and the accompanying text reveals the rich ancient mythology that surrounds the star groups. The second section is made up of twenty-three star charts that depict smaller regions of the sky in great detail. These charts give the names of key stars and lead you to fascinating features such as stars with unusual colors, double stars, variable stars, nebulae, and galaxies. Separate chapters cover basics, such as how the stars move through the sky, how to find your way around the moon and the planets, making an astronomer's flashlight, and choosing and using a telescope -- all in terms that are easy to grasp and remember. Discover the Stars is the perfect introduction to the heavens, simple enough to be useful if you're just starting out but packed with enough information to keep you learning and enjoying the stars for years to come. From the Trade Paperback edition.

**The Origins of the Film Star System** Jun 04 2020 Drawing on a wide range of archival sources, Andrew Shail traces the emergence of film stardom in Europe and North America in the early 20th century. Modifying and supplementing Richard deCordova's account of the birth of the US star system, Shail describes the complex set of economic circumstances that led film studios and actors

to consent to the adoption of a star system. He then explores the film industry's turn, from 1908, to making character-based series films. He details how these characters both prefigured and precipitated the star system, demonstrating that series characters and the 'firmament' of film stars are functionally equivalent, and shows how openly fictional characters still provide the model for 'real' film stars.
