The Things They Carried Nov 04 2022 The million-copy bestseller, which is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling.

War and Death in the Music of George Crumb Aug 09 2020 This book studies George Crumb's *The Winds of Destiny* (2004) and *Black Angels* (1970) as artifacts of collective memory and cultural trauma. It situates these two pieces in Crumb's output and unpacks the complex methodologies needed to understand these pieces as contributions and challenges to traditional narratives of the Civil War and the Vietnam War. *The Winds of Destiny* is shown to be a critical commentary on the legacy of American wars and militarism, both concepts crucial to American identity. *The Winds of Destiny* also acts as an ironic war memorial as a means of critiquing such concepts. *Black Angels* has long been associated with the Vietnam War. This book shows how this association began and how it endures through connections to iconic Vietnam War media, including films and books. Together these analyses show the legacy of trauma in American collective memory, which is in a continuous crisis. Crumb's musical critiques point to a need to resist conventional narratives and to begin to heal trauma on a collective level. This book will be of interest to students of contemporary American

music, American studies, and memory studies. It benefits readers by newly situating Crumb's music within these three fields of study.

Research for Evidence-Based Practice in Healthcare Mar 04 2020 This is an essential, accessible introduction to the practicalities of research and evidence-based practice aimed at all pre-registration nursing and healthcare students. It places research and evidence in the context of clinical practice, introduces the main methodological approaches in qualitative and quantitative research, and describes the processes of research appraisal, dissemination and implementation. The new edition of *Research for Evidence-Based Practice in Healthcare* has been updated to include information for a broader health care audience. It engages students with the research and evidence agenda, demonstrates the relevance of research and evidence to nursing practice, and provides the skills needed to explore these areas in greater detail. Special features: · A practical guide to research methods and evidence-based practice · New edition of a successful student textbook · Includes a glossary of common research terms · Provides case studies, key points, further reading, and activities throughout · Accompanying website with links to further reading

Handbook of Economic Growth Oct 30 2019 Featuring survey articles by leading economists working on growth theory, this two-volume set covers theories of economic growth, the empirics of economic growth, and growth policies and mechanisms. It also covers technology, trade and geography, and growth and socio-economic development.

How to Revise a True War Story Jan 26 2022 "You can tell a true war story if you just keep on telling it," Tim O'Brien writes in *The Things They Carried*. Widely regarded as the most important novelist to come out of the American war in Viet Nam, O'Brien has kept on telling true war stories not only in narratives that cycle through multiple fictional and non-fictional versions of the war's defining experiences, but also by rewriting those stories again and again. Key moments of revision extend from early drafts, to the initial appearance of selected chapters in magazines, across typescripts and page proofs for first editions, and through continuing post-publication variants in reprints. *How to Revise a True War Story* is the first book-length study of O'Brien's archival papers at the University of Texas's Harry Ransom Center. Drawing on extensive study of drafts and other prepublication materials, as well as the multiple published versions of O'Brien's works, John K. Young tells the untold stories behind the production of such key texts as *Going After Cacciato*, *The Things They Carried*, and *In the Lake of the Woods*. By reading not just the texts that have been published, but also the versions they could have been, Young demonstrates the important choices O'Brien and his editors have made about how to represent the traumas of the war in Viet Nam. The result is a series of texts that refuse to settle into a finished or stable form, just as the stories they present insist on being told and retold in new and changing ways. In their lack of textual stability, these variants across different versions enact for O'Brien's readers the kinds of narrative volatility that is key to the American literature emerging from the war in Viet Nam. Perhaps in this case, you can tell a true war story if you just keep on revising it.

Objects of War Aug 21 2021 "Discusses the ways in which material culture affected and reflected how people grappled with social, cultural, and material upheavals during times of war"--

In the Lake of the Woods Sep 21 2021 This riveting novel of love and mystery from the author of *The Things They Carried* examines the lasting impact of the twentieth century's legacy of violence and warfare, both at home and abroad. When long-hidden secrets about the atrocities he committed in Vietnam come to light, a candidate for the U.S. Senate retreats with his wife to a lakeside cabin in northern Minnesota. Within days of their arrival, his wife mysteriously vanishes into the watery

wilderness.

The Oxford Handbook of Empirical Legal Research Jun 26 2019 The empirical study of law, legal systems and legal institutions is widely viewed as one of the most exciting and important intellectual developments in the modern history of legal research. Motivated by a conviction that legal phenomena can and should be understood not only in normative terms but also as social practices of political, economic and ethical significance, empirical legal researchers have used quantitative and qualitative methods to illuminate many aspects of law's meaning, operation and impact. In the 43 chapters of *The Oxford Handbook of Empirical Legal Research* leading scholars provide accessible and original discussions of the history, aims and methods of empirical research about law, as well as its achievements and potential. The Handbook has three parts. The first deals with the development and institutional context of empirical legal research. The second - and largest - part consists of critical accounts of empirical research on many aspects of the legal world - on criminal law, civil law, public law, regulatory law and international law; on lawyers, judicial institutions, legal procedures and evidence; and on legal pluralism and the public understanding of law. The third part introduces readers to the methods of empirical research, and its place in the law school curriculum.

If I Die in a Combat Zone Jun 30 2022 A classic from the New York Times bestselling author of *The Things They Carried* "One of the best, most disturbing, and most powerful books about the shame that was / is Vietnam." —Minneapolis Star and Tribune Before writing his award-winning *Going After Cacciato*, Tim O'Brien gave us this intensely personal account of his year as a foot soldier in Vietnam. The author takes us with him to experience combat from behind an infantryman's rifle, to walk the minefields of My Lai, to crawl into the ghostly tunnels, and to explore the ambiguities of manhood and morality in a war gone terribly wrong. Beautifully written and searingly heartfelt, *If I Die in a Combat Zone* is a masterwork of its genre. Now with Extra Libris material, including a reader's guide and bonus content.

ICoRD'15 - Research into Design Across Boundaries Volume 1 Apr 04 2020 This book showcases cutting-edge research papers from the 5th International Conference on Research into Design - the largest in India in this area - written by eminent researchers from across the world on design process, technologies, methods and tools, and their impact on innovation, for supporting design across boundaries. The special features of the book are the variety of insights into the product and system innovation process, and the host of methods and tools from all major areas of design research for the enhancement of the innovation process. The main benefit of the book for researchers in various areas of design and innovation are access to the latest quality research in this area, with the largest collection of research from India. For practitioners and educators, it is exposure to an empirically validated suite of theories, models, methods and tools that can be taught and practiced for design-led innovation.

CliffsNotes on O'Brien's The Things They Carried Mar 28 2022 The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this series also feature glossaries and visual elements that complement the classic, familiar format. In *CliffsNotes on The Things They Carried*, you discover Tim O'Brien's powerful and innovative novel about the experiences of foot soldiers during and after the Vietnam War. Drawing largely on his own experiences during the war, the author creates a fictional protagonist who shares the author's own name, and allows this fictional "Tim O'Brien" to relate disturbing war stories as he creates an indictment against the wastefulness of war. Chapter summaries and commentaries take you through Tim O'Brien's very personal journey. Critical essays give you insight into the novel's historical context, the novel's narrative structure, and the theme of loss of innocence. Other features that help you study include Character analyses of the main characters A character map that graphically illustrates the relationships among the characters A section on the life and background of Tim O'Brien A review section that tests your knowledge A Resource Center full of books, articles, films, and Internet sites Classic literature or modern-day treasure—you'll understand it all with expert information and insight from CliffsNotes study guides.

Going After Cacciato Apr 28 2022 A CLASSIC FROM THE NEW YORK TIMES BESTSELLING AUTHOR OF THE THINGS THEY CARRIED "To call Going After Cacciato a novel about war is like calling Moby-Dick a novel about whales." So wrote The New York Times of Tim O'Brien's now classic novel of Vietnam. Winner of the 1979 National Book Award, Going After Cacciato captures the peculiar mixture of horror and hallucination that marked this strangest of wars. In a blend of reality and fantasy, this novel tells the story of a young soldier who one day lays down his rifle and sets off on a quixotic journey from the jungles of Indochina to the streets of Paris. In its memorable evocation of men both fleeing from and meeting the demands of battle, Going After Cacciato stands as much more than just a great war novel. Ultimately it's about the forces of fear and heroism that do battle in the hearts of us all. Now with Extra Libris material, including a reader's guide and bonus content

Agricultural Appropriation Bill Dec 13 2020

War in Tim O'Brien's The Things They Carried Jul 08 2020 This did not happen is a common refrain throughout the stories in The Things They Carried. Tim O'Brien's account of the Vietnam War purposely blurs the line between fact and fiction to get closer to the truth of what soldiers actually experienced. This compelling volume explores the life of Tim O'Brien and his attempts to wrestle with the trauma and shame of war in The Things They Carried. A collection of related essays explore topics such as the moral complexity of war, writing as a path to spiritual redemption, and the novel's portrayal of gender. Contemporary perspectives on war, such as the need to help soldiers suffering from PTSD and not repeating the mistakes of Vietnam, are also presented.

The Turnaway Study Jul 20 2021 "Now with a new afterword by the author"--Back cover.

A Trauma Artist Apr 16 2021 Based on recent conversations with Tim O'Brien, previously published interviews, and new readings of all his works -- including Tomcat in Love -- this book is the first study to concentrate on the role and representation of trauma as the central focus of all O'Brien's works. Book jacket.

Finland on 23-24 March 2018.

Waging War on War Jun 18 2021 The notion that war plays a fundamental role in the United States' idea of itself obscures the rich--and by no means naïve--seam of anti-war thinking that winds through American culture. Non-violent resistance, far from being a philosophy of passive dreamers, instead embodies Ralph Waldo Emerson's belief that peace "can never be defended, never be executed, by cowards." Giorgio Mariani rigorously engages with the essential question of what makes a text explicitly anti-war. Ranging from Emerson and Joel Barlow to Maxine Hong Kingston and Tim O'Brien, Waging War on War explores why sustained attempts at identifying the anti-war text's formal and philosophical features seem to always end at an impasse. Mariani moves a step beyond to construct a theoretical model that invites new inquiries into America's nonviolent, nonconformist tradition even as it challenges the ways we study U.S. warmaking and the cultural reactions to it. In the process, he shows how the ideal of nonviolence and a dislike of war have been significant, if nonhegemonic, features of American culture since the nation's early days. Ambitious and nuanced, Waging War on War at last defines anti-war literature while exploring the genre's role in an assertive peacefighting project that offered--and still offers--alternatives to violence.

Dad's Maybe Book May 18 2021 In 2003, as an older father, O'Brien resolved to give his young sons what he wished his own father had given to him: a few scraps of paper signed "Love, Dad." Maybe a word of advice. Maybe a sentence or two about some long-ago Christmas Eve. Maybe some scattered glimpses of their aging father, a man they might never really know. In this book, O'Brien moves from soccer games to warfare to risqué lullabies, from alcoholism to magic shows to history lessons to bittersweet bedtime stories, but always returning to a father's soul-saving love for his sons. -- adapted from jacket

Study Guide Sep 02 2022 SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 62-page guide for "The Things They Carried" by Tim O'Brien includes detailed story summaries and analysis covering 22 stories, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like Self-Blame in Response to Death and Talking as a Way of Processing Trauma.

Sexuality and Women with Learning Disabilities Jul 28 2019 Sexuality and Women with Learning Disabilities makes a significant contribution to both feminist and disability literature, because it challenges common assumptions about the sexuality of people with learning disabilities, forces a reconsideration of how this group of people are viewed by those around them and links gender and disability in its analysis.' -Tizard Learning Disability Review 'By tackling issues that have received little meaningful attention, McCarthy both makes a valuable contribution to the literature and provides a useful practical guide to those wishing to support their clients more effectively.' - Mental Health and Learning Disabilities Care 'The thoroughness and attention to detail with which McCarthy has investigated and written about the sexual lives of a small number of women with mild to moderate learning difficulties is to be commended. Drawing upon interviews with the women who participated in this study, there is explicit detail about the reality of their sexual lives that overall comes across as sad, poignant and often shocking, with a high level of sexual abuse revealed... however, McCarthy has a strong code of ethics and sensitivity and a reflexive honesty about her role and stance as a feminist researcher that removes any possibility or suggestion of prurient voyeurism or exploitation being a part of this research. McCarthy writes as a woman with and about women, allowing their voices about their sexual experiences to be heard through the medium of in-depth interviews. Within the book, the sexual experiences of women with learning disabilities are set in a wider policy and practice framework and discussed in relation to ideologies surrounding learning disability, gender and sexuality in a cultural context. The book ends with a chapter discussing and listing policy and practice recommendations, including suggestions about changes to the law... Overall, this was a convincing and compelling book that deserves serious attention and I would strongly recommend it to anyone with an interest in learning disability issues, including practitioners, carers, relatives, advocates and counsellors.' - CSPRD Newsletter In this study of

women with mild and moderate learning disabilities, Michelle McCarthy investigates how these women experience their sexual lives, basing her research on interviews with the women themselves. She argues the importance of informing the work of those responsible at research, practice and policy levels with the voices of people with learning disabilities. In the interviews, women talk openly about what form their sexual activity takes and what it means for them, the circumstances in which it occurs, and the pleasures (or lack thereof) associated with it. These interviews directly shape the policy and practice recommendations the author makes. Michelle McCarthy's findings suggest that women with learning disabilities commonly find themselves engaged in sexual activity which is not to their liking and not of their choosing. A high level of sexual abuse was also reported. The author discusses this in relation to the cultural forces which have influenced Western perceptions of sexuality, feminism and theories and prejudices about learning disabilities. She also studied the impact of institutional and community settings on the sexuality of women with learning disabilities. In *Sexuality and Women with Learning Disabilities*, McCarthy makes recommendations for policy and practice which will protect this vulnerable group, and advises on education, support and seeking justice for abused women.

Qualitative Research Methods in Public Relations and Marketing Communications Feb 12

2021 The second edition of this highly accessible, core textbook continues to offer students a practical guide to the process of planning, undertaking and writing about qualitative research in public relations and marketing communications. Through clear explanations and illustrations, the book encourages undergraduate and master level students to engage with the main approaches and techniques for conducting critical, reflective investigations. This new edition: Identifies the skills and strategies needed to conduct authentic, trustworthy research Highlights specific analytical techniques associated within the main research approaches Provides new sections on internet-based research, critical discourse analysis, historical research, action research and mixed methods research *Qualitative Research Methods in Public Relations and Marketing Communications* will be invaluable for those undertaking research methods courses on public relations and marketing communication degrees, as well as those working on a dissertation.

An Imaginative Woman Oct 23 2021 This is a short story written by Thomas Hardy was published in Wessex. This tells of a woman, a wife and a mother who aspires to be a poet and who falls in love with a male poet she never meets. As a Victorian realist in the tradition of George Eliot, Thomas Hardy was influenced both in his novels and in his poetry by Romanticism. He was highly critical of much in Victorian society, though Hardy focused more on a declining rural society.

Basic Issues in Biomedical and Behavioral Research, 1976 Sep 09 2020

The Nuclear Age Nov 23 2021 *Going After Cacciato* (winner of the National Book Award in 1979) was widely acclaimed as one of the most powerful and emotionally vivid novels about Vietnam. Now, writing with the same sharp, richly expressive language, the same edgy dark humor and complete honesty, and the same rawness of nerve and energy, Tim O'Brien gives us an equally powerful novel about growing up as a child of anxiety—the big anxiety, the one that's been with us since the fifties, when we finally realized that Einstein's theories translated into Russian. It's 1995 and William Cowling is digging a hole in his backyard. He is forty-nine, and after years and years of pent-up terror he has finally found the courage of a fighting man. And so a hole. A hole that he hopes will one day be large enough to swallow up his almost fifty years' worth of fear. A hole that causes his twelve-year-old daughter to call him a "nutto," and his wife to stop speaking to him. A hole that William will not stop digging and out of which rise scenes of his past to play themselves out in his memory. The scenes take him back to his quietly peculiar adolescence (No. 2 pencils had a

surprising significance), to his college days, down into the underground, and up through several stabs at “normal” adulthood . . . they take him from Montana to Florida, from Cuba to California, from Kansas to New York to Germany and back to Montana as he makes his way through an often mystifying—but just as often hilarious —labyrinth of fears and desires, obsessions and obligations, blessed madness and less-than-blessed sobriety . . . they take him into the lives of a shrink who’s a whiz, a role reversal and of a dizzying eccentric cheerleader; of radical misfits and misfit radicals; of an ethereal stewardess (the traveling man’s dream); and two guerilla commandos who mix shtick and nightmare in their tactical brew. And each scene is a reminder of the unbargained-for-terror that has guided him to the bottom of his hole. For this digging is his final act of “prudence and sanity”—he’s taking control, getting there first, robbing his fears of their power to destroy . . . or so he believes. But is this act really sane? Is his daughter’s estimation of his emotional well-being (“pretty buggo, too”) the only truly sane statement being made? Is sanity even the issue? In the dazzling final scenes, William turns from the hole—from his past and from his future 0 to himself, digging deeper and deeper to find his answers. The Nuclear Age is pyrotechnically funny and moving, courageous and irreverent. It takes on our supreme unacknowledged terror (whose reality we both refuse to accept and all too easily accommodate ourselves to), finds its lunatic core, and shapes it into a story that speaks of, and to, an entire age: our own, our nuclear age. It is an extraordinary novel.

Andersonville Diary, Escape, and List of the Dead Feb 24 2022
