U.S. History Oct 28 2022 Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Unfinished Empire Apr 29 2020 The enormous influence of the British Empire cannot be escaped. It has shaped the world in countless ways, repopulating continents, carving out nations, imposing its language, technology and values. For perhaps two centuries its existence, expansion, and final collapse could be seen as the single largest determinant of historical events. Now that it has gone, it seems to us baffling that such a strange global system could have once been so powerful. What was the dynamic that led English-speakers to stand on the shores of the Pacific, to control the world's seaways, and create the financial institutions that transformed the global economy? John Darwin's provocative and richly enjoyable new book is an attempt to make us see anew how diverse, unpredictable and even chaotic the British Empire really was, controlled by interests that were often at loggerheads, and as much driven on by the weakness of others as by its own strength. Unfinished Empire explains what allowed the makers of Empire to be so sure of their right to claim North America, New Zealand or the African savannah, to be the greatest slave-traders but the first to abolish the trade, to use astonishing violence against their opponents but also claim to uphold the rule of law. By exploring the varying patterns of conquest, the ferocious rebellions, the urge to convert as well as to rule, the quarrels and conflicts between missionaries, farmers and merchants, and the sudden descent towards the Empire's final collapse, Unfinished Empire presents a surprising, original and often critical account of an extraordinary phenomenon.

The Fall of Japan Jun 24 2022 New York Times Bestseller: A "virtually faultless" account of the last weeks of WWII in the Pacific from both Japanese and American perspectives (The New York Times Book Review). By midsummer 1945, Japan had long since lost the war in the Pacific. The people were not told the truth, and neither was the emperor. Japanese generals, admirals, and statesmen knew, but only a handful of leaders were willing to accept defeat. Most were bent on fighting the Allies until the last Japanese soldier died and the last city burned to the ground. Exhaustively researched and vividly told, *The Fall of Japan* masterfully chronicles the dramatic events that brought an end to the Pacific War and forced a once-mighty military nation to surrender unconditionally. From the ferocious fighting on Okinawa to the all-but-impossible mission to drop the 2nd atom bomb, and from Franklin D. Roosevelt's White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the truth, William Craig captures the pivotal events of the war with spellbinding authority. The Fall of Japan brings to life both celebrated and lesser-known historical figures, including Admiral Takijiro Onishi, the brash commander who drew up the Yamamoto plan for the attack on Pearl Harbor and inspired the death cult of kamikaze pilots., This astonishing account ranks alongside Cornelius Ryan's *The Longest Day* and John Toland's *The Rising Sun* as a masterpiece of World War II history.

Breaking the House of Pamunkey Oct 24 2019 Among today's Powhatan nations, the belief is that the original records from which we draw as source material are themselves biased, making a full picture of the entire story of history nearly impossible. According to Chief Emeritus Oliver Perry of the Nansemonds, "We were not savages, barbarians, nor heathens." The problem is that "what was written in the history books was slanted and written from the viewpoint of the so-called 'conquerors'." He also believes that the history presented in most textbooks is inaccurate, largely because it is based on the writings of English eyewitnesses, such as Smith and Strachey, who were themselves biased. They do not provide a complete picture. He, of course, is not wrong. While today's historians and anthropologists are far more culturally accepting than in decades past, it certainly presents a challenge when faced with sources that only lend to an English perspective.

The Last Shah Feb 08 2021 The surprising story of Iran's transformation from America's ally in the Middle East into one of its staunchest adversaries "An original interpretation that puts Iranian actors where they belong; at center stage."--Michael Doran, Wall Street Journal "For the clearest view of Iran for the last 100 years, this book is it."--Marvin Zonis, author of *Majestic Failure: The Fall of the Shah* Offering a new view of one of America's most important, infamously strained, and widely misunderstood relationships of the postwar era, this book tells the history of America and Iran from the time the last shah, Mohammad Reza Pahlavi, was placed on the throne in 1941 to the 1979 revolution that brought the present Islamist government to power. This revolution was not, as many believe, the popular overthrow of a powerful and ruthless puppet of the United States; rather, it followed decades of corrosion of Iran's political establishment by an autocratic ruler who demanded fealty but lacked the personal strength to make hard decisions and, ultimately, lost the support of every sector of Iranian society. Esteemed Middle East scholar Ray Takeyh provides new interpretations of many key events--including the 1953 coup against Prime Minister Mohammad Mossadeq and the rise of Ayatollah Ruhollah Khomeini--significantly revising our understanding of America and Iran's complex and difficult history.

A History of the Mediterranean Air War Volume Five Aug 02 2020 The book commences with coverage of the final fierce air-sea battles over the Aegean which preceded the advance northwards to Rome and the ill-conceived British attempt to secure the Dodecanese islands following the armistice with Italy

The Fall of Napoleon Oct 04 2020 Details significant events during the life and career of Napoleon, from his 1813 campaign to his death on St. Helena

Last Mughal (P/B) Sep 15 2021 Winner Of The Duff Cooper Prize For History 2007 Bahadur Shah Zafar II, The Last Mughal Emperor, Was A Mystic, A Talented Poet, And A Skilled Calligrapher, Who, Though Deprived Of Real Political Power By The East India Company, Succeeded In Creating A Court Of Great Brilliance, And Presided Over One Of The Great Cultural Renaissances Of Indian History. In 1857 It Was Zafar S Blessing To A Rebellion Among The Company S Own Indian Troops That Transformed An Army Mutiny Into The Largest Uprising The British Empire Ever Had To Face. The Last Mughal Is A Portrait Of The Dazzling Delhi Zafar Personified, And The Story Of The Last Days Of The Great Mughal Capital And Its Final Destruction In The Catastrophe Of 1857. Shaped From Groundbreaking Material, William Dalrymple S Powerful Retelling Of This Fateful Course Of Events Is An Extraordinary Revisionist Work With Clear Contemporary Echoes. It Is The First Account To Present The Indian Perspective On The Siege, And Has At Its Heart The Stories Of The Forgotten Individuals Tragically Caught Up In One Of The Bloodiest Upheavals In History.

The Moors in Spain: History of the Conquest, 800 year Rule & The Final Fall of Granada Feb 20 2022 This carefully crafted ebook is formatted for your eReader with a functional and detailed table of contents. In 711 the Islamic Moors of Arab and Berber descent in North Africa crossed the Strait of Gibraltar onto the Iberian Peninsula, and in a series of raids they conquered Visigothic Christian Hispania and founded the first Muslim countries in Europe. Contents: The Last of the Goths The Wave of Conquest The People of Andalusia A Young Pretender The Christian Martyrs The Great Khalif The Holy War The City of the Khalif The Prime Minister The Berbers in Power My Cid the Challenger The Kingdom of Granada The Fall of Granada Bearing the Cross

The Decline and Fall of Nazi Germany and Imperial Japan Aug 26 2022 A pictorial history of the last one hundred days of the second World War covers the events on land, at sea, and in the air, and features documentary materials from the German, Japanese, and Allied sources in an accessible format.

Tears before the Rain Dec 26 2019 CBS camera-man Mike Marriott was on the last plane to escape from Danang before it fell in the spring of 1975. The scene was pure chaos: thousands of panic-stricken Vietnamese storming the airliner, soldiers shooting women and children to get

aboard first, refugees being trampled to death. Marriott remembers standing at the door of the aft stairway, which was gaping open as the plane took off. "There were five Vietnamese below me on the steps. As the nose of the aircraft came up, because of the force and speed of the aircraft, the Vietnamese began to fall off. One guy managed to hang on for a while, but at about 600 feet he let go and just floated off--just like a skydiver.... What was going through my head was, I've got to survive this, and at the same time, I've got to capture this on film. This is the start of the fall of a country. This country is gone. This is history, right here and now." In *Tears Before the Rain*, a stunning oral history of the fall of South Vietnam, Larry Engelmann has gathered together the testimony of seventy eyewitnesses (both American and Vietnamese) who, like Mike Marriott, capture the feel of history "right here and now." We hear the voices of nurses, pilots, television and print media figures, the American Ambassador Graham Martin, the CIA station chief Thomas Polgar, Vietnamese generals, Amerasian children, even Vietcong and North Vietnamese soldiers. Through this extraordinary range of perspectives, we experience first-hand the final weeks before Saigon collapsed, from President Thieu's cataclysmic withdrawal from Pleiku and Kontum, (Colonel Le Khac Ly, put in command of the withdrawal, recalls receiving the order: "I opened my eyes large, large, large. I thought I wasn't hearing clearly") to the last-minute airlift of Americans from the embassy courtyard and roof ("I remember when the bird ascended," says Stuart Herrington, who left on one of the last helicopters, "It banked, and there was the Embassy, the parking lot, the street lights. And the silence"). Touching, heroic, harrowing, and utterly unforgettable, these dramatic narratives illuminate one of the central events of modern history. "It was like being at Waterloo," concludes Ed Bradley of *60 Minutes*. "It was so important, so historical. And today it is still very obvious that we Americans have not recovered from Vietnam.... Nothing else in my lifetime was as important as that--as important as Vietnam."

Wrestliana; Or, The History of the Cumberland and Westmoreland Wrestling Society in London Since the Year 1824 Apr 22 2022

A Brief History of The Third Reich May 31 2020 The abuse of power, genocide, the destruction of total war, unimaginable cruelty and the suffering of millions were all central features of Hitler's Nazi regime. Yet the Nazis were also highly successful in manipulating images and information: they mobilized and engaged vast numbers of people, caught the imagination of the young and appeared remarkably modern to many contemporary observers. Was the Third Reich a throwback to a mythical past or a brutally modern and technologically advanced state? Was Hitler a strong dictator who achieved his clear goals, or was his chaotic style of government symptomatic of a weak dictator, unable to control the complex and contradictory forces that he had unleashed? Was the Third Reich ruled by terror, or largely supported by a compliant German population? Was the genocide against the Jews a peculiarly German phenomenon, or a uniquely German expression of a terrible wider trend? Whittock explores these and other key questions, interrogating the views of different historians and drawing on a wealth of primary sources - from state-sponsored art to diaries, letters and memoirs of both perpetrators and victims - to provide an overview of the complex evidence. History should aim to put us firmly in touch with the lives of people living in the past and the issues they faced. Whittock never loses sight of the individuals whose lives were caught up in these extraordinary events, while also giving a lucid overview of the bigger picture.

The Fall of the Roman Empire Nov 17 2021 The essays collected in this book present the first comprehensive appreciation of The Fall of the Roman Empire from historical, historiographical, and cinematic perspectives. The book also provides the principal classical sources on the period. It is a companion to *Gladiator: Film and History* (Blackwell, 2004) and *Spartacus: Film and History* (Blackwell, 2007) and completes a triad of scholarly studies on Hollywood's greatest films about Roman history. A critical re-evaluation of the 1964 epic film *The Fall of the Roman Empire*, directed by Anthony Mann, from historical, film-historical, and contemporary points of view. Presents a collection of scholarly essays and classical sources on the period of Roman history that ancient and modern historians have considered to be the turning point toward the eventual fall of Rome. Contains a short essay by director Anthony Mann. Includes a map of the Roman Empire and film stills, as well as translations of the principal ancient sources, an extensive bibliography, and a chronology of events.

The Fall of the Roman Empire Oct 16 2021 Shows how Europe's barbarians, strengthened by centuries of contact with Rome on many levels, turned into an enemy capable of overturning and dismantling the mighty Empire.

Middle East: Blueprint for the Final Solution Mar 09 2021 The Middle East conflict originated, literally, in the womb of a beautiful woman - Rebekah, Isaac's wife. Her 'struggling' twins, from their mother's womb, have often engaged in a love/hate embrace, scorching their lands with periodic eruptions of bloody conflicts. Their descendants, though gradually lost their identity, have spread their struggle for 'the global inheritance' into Europe, the Americas, and elsewhere. The march of Islam, of Muhammad, "the man of the sword"; the present Jew/Arab conflict; the Persian Gulf menace; fanatic Islamic world terrorism and their main target - the West - are a direct result of the twins' struggle, which began while in their mother's womb. Human history and its future can't be fully comprehended without correct understanding of the roots and turbulent history of the struggling twins. You, the reader, are destined, regardless of your ethnic background and religion, to soon experience the final consequences and glorious triumph of this age-long bloody conflict. Through the pages of this work the author takes you on a fascinating journey of the Biblical and historic records, which faithfully traced the stormy blazing trails of 'the struggling twins,' from the inception of the conflict to its glorious 'final solution.'

The Rise and Fall of the Soviet Empire Jan 27 2020 The Rise and Fall of the Soviet Empire describes and explains the creation, maintenance and eventual demise of the Soviet regime across post-1945 Eastern Europe. Balancing internal factors such as resilient nationalism against external factors such as America's acceleration of the arms race, Raymond Pearson sets the so-called 'Soviet Empire' within the broader context of global imperialism and decolonisation. Full coverage is also given to the dramatic episodes of Eastern Europe dissent and the chequered career of the ostensibly monolithic 'Soviet Empire'. This revised and updated second edition features an expanded final chapter on the 'Last Empire', assessing not only its patent strengths and hidden weaknesses, but also its much publicised vices and rarely acknowledged virtues. New documentation that has only become available in the last five years has been incorporated to provide a fuller retrospective historical judgement on the Soviet regime across Eastern Europe.

Dictionary of Doctrinal and Historical Theology Jul 01 2020

Malaya and Singapore 1941-42 Jun 19 2019 For the British Empire it was a military disaster, but for Imperial Japan the conquest of Malaya was one of the pivotal campaigns of World War II. Giving birth to the myth of the Imperial Japanese Army's invincibility, the victory left both Burma and India open to invasion. Although heavily outnumbered, the Japanese Army fought fiercely to overcome the inept and shambolic defence offered by the British and Commonwealth forces. Detailed analysis of the conflict, combined with a heavy focus on the significance of the aerial campaign, help tell the fascinating story of the Japanese victory, from the initial landings in Thailand and Malaya through to the destruction of the Royal Navy's Force Z and the final fall of Singapore itself.

The Fall of the Roman Empire: A New History of Rome and the Barbarians Jun 12 2021 The death of the Roman Empire is one of the perennial mysteries of world history. Now, in this groundbreaking book, Peter Heather proposes a stunning new solution: Centuries of imperialism turned the neighbors Rome called barbarians into an enemy capable of dismantling an Empire that had dominated their lives for so long. A leading authority on the late Roman Empire and on the barbarians, Heather relates the extraordinary story of how Europe's barbarians, transformed by centuries of contact with Rome on every possible level, eventually pulled the empire apart. He shows first how the Huns overturned the existing strategic balance of power on Rome's European frontiers, to force the Goths and others to seek refuge inside the Empire. This prompted two generations of struggle, during which new barbarian coalitions, formed in response to Roman hostility, brought the Roman west to its knees. The Goths first destroyed a Roman army at the battle of Adrianople in 378, and went on to sack Rome in 410. The Vandals spread devastation in Gaul and Spain, before conquering North Africa, the breadbasket of the Western Empire, in 439. We then meet Attila the Hun, whose reign of terror swept from Constantinople to Paris, but whose death in 453 ironically precipitated a final desperate phase of Roman collapse, culminating in the Vandals' defeat of the massive Byzantine Armada: the west's last chance for survival. Peter Heather convincingly argues that the Roman Empire was not on the brink of social or moral collapse. What brought it to an end were the barbarians.

Napoleon Feb 26 2020 An accomplished Oxford scholar delivers a dynamic new history covering the last chapter of the emperor's life—from his defeat in Russia and the drama of Waterloo to his final exile—as the world Napoleon has created begins to crumble around him. In 1811, Napoleon stood at his zenith. He had defeated all his continental rivals, come to an entente with Russia, and his blockade of Britain seemed, at long last, to be a success. The emperor had an heir on the way with his new wife, Marie-Louise, the young daughter of the Emperor of Austria. His personal life, too, was calm and secure for the first time in many years. It was a moment of unprecedented peace and hope, built on the foundations of emphatic military victories. But in less than two years, all of this was in peril. In four years, it was gone, swept away by the tides of war against the most powerful alliance in European history. The rest of his life was passed on a barren island. This is not a story any novelist could create; it is reality as epic. Napoleon: The Decline and Fall of an Empire traces this story through the dramatic narrative of the years 1811-1821 and explores the ever-bloodier conflicts, the disintegration and re forging of the bonds among the Bonaparte family, and the serpentine diplomacy that shaped the fate of Europe. At the heart of the story is Napoleon's own sense of history, the tensions in his own character, and the shared vision of a family dynasty to rule Europe. Drawing on the remarkable resource of the new edition of Napoleon's personal correspondence produced by the Fondation Napoleon in Paris, Michael Broers dynamic new history follows Napoleon's thoughts and feelings, his hopes and ambitions, as he fought to preserve the world he had created. Much of this turns on his relationship with Tsar Alexander of Russia, in so many respects his alter ego, and eventual nemesis. His inability to understand this complex man, the only person with the power to destroy him, is key to tracing the roots of his disastrous

decision to invade Russia—and his inability to face diplomatic and military reality thereafter. Even his defeat in Russia was not the end. The last years of the Napoleonic Empire reveal its innate strength, but it now faced hopeless odds. The last phase of the Napoleonic Wars saw the convergence of the most powerful of forces in European history to date: Russian manpower and British money. The sheer determination of Tsar Alexander and the British to bring Napoleon down is a story of compromise and sacrifice. The horrors and heroism of war are omnipresent in these years, from Lisbon to Moscow, in the life of the common soldier. The core of this new book reveals how these men pushed Napoleon back from Moscow to St Helena. Among this generation, there was no more remarkable persona than Napoleon. His defeat forged his myth—as well as his living tomb on St Helena. The audacious enterprise of the 100 Days, reaching its crescendo at the Battle of Waterloo, marked the spectacular end of an unprecedented public life. From the ruins of a life—and an empire—came a new continent and a legend that haunts Europe still.

Revelation Aug 14 2021 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerical predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Historical Linguistics, 1987 Jul 21 2019 The volume contains 37 papers originally presented at the 8th International Conference on Historical Linguistics in Lille, France. The papers bring historical data to bear on issues in theoretical linguistics, both descriptive and diachronic or deal with specific questions in the history of individual languages. The theoretical issues range from phonology over morphology and syntax to the lexicon, as well as questions of historical dialectology, language contact, the theory of linguistic change, and problems of comparative reconstruction. The languages discussed are Finno-Ugric and Indo-European, most of the papers dealing with Germanic and Romance languages (especially English and French), but some being devoted to Greek, Celtic, Slavic, and Hittite.

The Eternal Decline and Fall of Rome Jul 13 2021 As this book intriguingly explores, for those who would make Rome great again and their victims, ideas of Roman decline and renewal have had a long and violent history. The decline of Rome has been a constant source of discussion for more than 2200 years. Everyone from American journalists in the twenty-first century AD to Roman politicians at the turn of the third century BC have used it as a tool to illustrate the negative consequences of changes in their world. Because Roman history is so long, it provides a buffet of ready-made stories of decline that can help develop the context around any snapshot. And Rome did, in fact, decline and, eventually, fall. An empire that once controlled all or part of more than 40 modern European, Asian, and African countries no longer exists. Roman prophets of decline were, ultimately, proven correct—a fact that makes their modern invocations all the more powerful. If it happened then, it could happen now. The *Eternal Decline and Fall of Rome* tells the stories of the people who built their political and literary careers around promises of Roman renewal as well as those of the victims they blamed for causing Rome's decline. Each chapter offers the historical context necessary to understand a moment or a series of moments in which Romans, aspiring Romans, and non-Romans used ideas of Roman decline and restoration to seize power and remake the world around them. The story begins during the Roman Republic just after 200 BC. It proceeds through the empire of Augustus and his successors, traces the Roman loss of much of western Europe in the fifth century AD, and then follows Roman history as it runs through the Eastern Roman Empire (Byzantium) until its fall in 1453. The final two chapters look at ideas of Roman decline and renewal from the fifteenth century until today. If *Rome* illustrates the profound danger of the rhetoric of decline, it also demonstrates the rehabilitative potential of a rhetoric that focuses on collaborative restoration, a lesson of great relevance to our world today.

Second-hand Time Apr 10 2021 Nobel Prize winner Svetlana Alexievich invents a new genre of narrative non-fiction as she writes the life stories of housewives, artists, party workers, students, soldiers, traders, living through a time of political upheaval -- the fall of the Soviet Union and the two decades that followed it.

The Fall of Heaven May 23 2022 An immersive, gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty, written with the cooperation of the late Shah's widow, Empress Farah, Iranian revolutionaries and US officials from the Carter administration. In this remarkably human portrait of one of the twentieth century's most complicated personalities, Mohammad Reza Pahlavi, Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941. He draws the turbulence of the post-war era during which the Shah survived assassination attempts and coup plots to build a modern, pro-Western state and launch Iran onto the world stage as one of the world's top five powers. Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba, who became a power in her own right, the beloved family they created, and an exclusive look at life inside the palace during the Iranian Revolution. Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there: leading Iranian revolutionaries; President Jimmy Carter and White House officials; US Ambassador William Sullivan and his staff in the American embassy in Tehran; American families caught up in the drama; even Empress Farah herself, and the rest of the Iranian Imperial family. Intimate and sweeping at once, *The Fall of Heaven* recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families, the unseating of which helped set the stage for the current state of the Middle East.

Wrestliana, Or, The History of the Cumberland & Westmoreland Wrestling Society in London Mar 21 2022

The Excellent Empire Jan 07 2021 This remarkable account by an award-winning historian details the responses to the fall of Rome by the church fathers, who set the pattern for interpreting this momentous event for all succeeding centuries. "To speak about the decline and fall of the Roman empire as 'the social triumph of the ancient church' is to look at the events associated with that 'memorable revolution' . . . through the eyes of the victors," writes the author. "The thoroughness of the victors has often seen to it that there remains no other way for us to view those events. Not only are we—for this period as for so many others throughout most of human history—denied access to the mind of the common people as they watched this history in the making, such that we are forced to depend on the documents provided by various of the elites of the fourth and fifth centuries; but among the documents of those elites, only some have been permitted to survive." Jerome, Christian humanist and translator of the Bible into Latin, represents an apocalyptic view of the crisis. Eusebius, court theologian and founder of church history, saw the fall of Rome as the sign of a new order, the "Christian Empire." And Augustine, fountainhead of much of Western thought during the millennium that followed, used it as the basis for his City of God. The unifying theme in this historical panorama is the final revisionist view of the fall by its greatest historian, Edward Gibbon. All of these interpretations of the fall of Rome continue to live today and deeply influence our understanding of Western culture.

The Final Campaign of the American Revolution Jan 19 2022 An up-to-date, case-study view of Japanese corporate financing. Studies how management perceives and handles the financial dimension of corporate activities. Glossary. After the 1781 siege of Yorktown, the American Revolution did not end, but shifted to the Caribbean, where American naval units helped the Spanish recapture the Bahamas by briefly driving the British out. Draws from primary sources in Spain. Annotation copyrighted by Book News, Inc., Portland, OR

The People's Bible History May 11 2021

After the Final Curtain Sep 22 2019 There's nothing remarkable about a movie theater today, but that wasn't always the case. When the great American movie palaces opened in the early 20th century, they were some of the most lavish, stunning buildings anyone had ever seen. With the advent of television, theater companies found it harder and harder to keep them open. Some were demolished, some were converted, and some remain derelict to this day. "After the Final Curtain: The Fall of the American Movie Theatre" will take you through 24 of these magnificent buildings showing what beauty remains years after the last ticket was sold."

Flights Into History Aug 22 2019 In this compelling sequel to *Final Flights*, aviation archaeologist Ian McLachlan has reconstructed the dramatic last flights of Second World War airmen, including the first Fortress to fall in combat from the USAAF's 447th Bomber Group; the final flight of an intruder Mosquito pursuing a German night fighter; the courage of a Lancaster pilot responsible for six lives aboard a burning aircraft; the story of a Spitfire's last flight and its heroic Belgian pilot. Exciting stories are also recounted of those whose misdirected courage saw them serve under the swastika. In reconstructing long-forgotten wartime events, often from buried wreckage, eyewitness accounts and contemporary documentation, aviation archaeologists can bring recognition to the individual flyers involved and shed new light on the air war over Britain and Europe during the Second World War. Even the discovery of small fragments can be significant. They provide evidence or prompt new research, revealing stories that offer a uniquely human dimension and reveal the hopes, fears, aspirations and pleasures of the aircrew involved. Ian McLachlan and other aviation archaeologists have now done them justice.

End of History and the Last Man Sep 27 2022 Ever since its first publication in 1992, *The End of History and the Last Man* has provoked controversy and debate. Francis Fukuyama's prescient analysis of religious fundamentalism, politics, scientific progress, ethical codes, and war is as essential for a world fighting fundamentalist terrorists as it was for the end of the Cold War. Now updated with a new afterword, *The End of History and the Last Man* is a modern classic.

The Defence and Fall of Singapore Dec 18 2021 Shortly after midnight on 8 December 1941, two divisions of crack troops of the Imperial Japanese Army began a seaborne invasion of southern Thailand and northern Malaya. Their assault developed into a full-blown advance towards Singapore, the main defensive position of the British Empire in the Far East. The defending British, Indian, Australian and Malayan forces were outmanoeuvred on the ground, overwhelmed in the air and scattered on the sea. By the end of January 1942, British Empire forces were driven back onto the island of Singapore itself, cut off from further outside help. When the Japanese stormed the island with an on-out assault, the defenders were quickly pushed back into a corner from which there was no escape. Singapore's defenders finally capitulated on 15 February, to prevent the wholesale pillage of the city itself. Their rapid and total defeat was nothing less than military humiliation

and political disaster. Based on the most extensive use yet of primary documents in Britain, Japan, Australia and Singapore, Brian Farrell provides the fullest picture of how and why Singapore fell and its real significance to the outcome of the Second World War.

The Final Trumpet Nov 24 2019 The Final Trumpet is written by a former atheist. Gods revelation is investigated, using the authors analytical skills from his business background. The key assumption that drives the truth found in this book is that Gods foreknowledge must match this worlds recorded history if God is God. Gods revelation, the Bible, is compared with actual recorded history and what is found may change your ideas forever. You may not agree, but you will discover the truth about God and His total sovereign control of all. The Final Trumpet is about being ready for the last day of the world. If hundreds of prophecies have come true exactly as stated, then the next event will surely happen exactly as God has revealed for all to know. The Final Trumpet may be one of the most important books you read.

Historical and Statistical Information Respecting the History, Condition and Prospects of the Indian Tribes of the United States: Information respecting the history, condition and prospects of the Indian tribes of the United States Nov 05 2020

The Fall of Japan Jul 25 2022 New York Times Bestseller: A "virtually faultless" account of the last weeks of WWII in the Pacific from both Japanese and American perspectives (The New York Times Book Review). By midsummer 1945, Japan had long since lost the war in the Pacific. The people were not told the truth, and neither was the emperor. Japanese generals, admirals, and statesmen knew, but only a handful of leaders were willing to accept defeat. Most were bent on fighting the Allies until the last Japanese soldier died and the last city burned to the ground. Exhaustively researched and vividly told, The Fall of Japan masterfully chronicles the dramatic events that brought an end to the Pacific War and forced a once-mighty military nation to surrender unconditionally. From the ferocious fighting on Okinawa to the all-but-impossible mission to drop the 2nd atom bomb, and from Franklin D. Roosevelt's White House to the Tokyo bunker where tearful Japanese leaders first told the emperor the truth, William Craig captures the pivotal events of the war with spellbinding authority. The Fall of Japan brings to life both celebrated and lesser-known historical figures, including Admiral Takijiro Onishi, the brash commander who drew up the Yamamoto plan for the attack on Pearl Harbor and inspired the death cult of kamikaze pilots., This astonishing account ranks alongside Cornelius Ryan's The Longest Day and John Toland's The Rising Sun as a masterpiece of World War II history.

Themelios, Volume 34, Issue 1 Mar 29 2020 Themelios is an international, evangelical, peer-reviewed theological journal that expounds and defends the historic Christian faith. Themelios is published three times a year online at The Gospel Coalition (<http://thegospelcoalition.org/themelios/>) and in print by Wipf and Stock. Its primary audience is theological students and pastors, though scholars read it as well. Themelios began in 1975 and was operated by RTSF/UCCF in the UK, and it became a digital journal operated by The Gospel Coalition in 2008. The editorial team draws participants from across the globe as editors, essayists, and reviewers. General Editor: D. A. Carson, Trinity Evangelical Divinity School Managing Editor: Brian Tabb, Bethlehem College and Seminary Consulting Editor: Michael J. Ovey, Oak Hill Theological College Administrator: Andrew David Naselli, Bethlehem College and Seminary Book Review Editors: Jerry Hwang, Singapore Bible College; Alan Thompson, Sydney Missionary & Bible College; Nathan A. Finn, Southeastern Baptist Theological Seminary; Hans Madueme, Covenant College; Dane Ortlund, Crossway; Jason Sexton, Golden Gate Baptist Seminary Editorial Board: Gerald Bray, Beeson Divinity School Lee Gatiss, Wales Evangelical School of Theology Paul Helseth, University of Northwestern, St. Paul Paul House, Beeson Divinity School Ken Magnuson, The Southern Baptist Theological Seminary Jonathan Pennington, The Southern Baptist Theological Seminary James Robson, Wycliffe Hall Mark D. Downfall 1945 Sep 03 2020 As the final month of fighting in Europe in 1945 dawned the Allies embarked upon a series of mopping up operations, destroying the last centres of German resistance as the essentially defeated Wehrmacht fought on in increasingly desperate conditions, driven on by the explicit no surrender order issued by Hitler. Yet at the same time, the Allied alliance was already on shaky ground, as German resistance was crushed the Allies began to eye each other nervously across a battle-torn Europe, with the politically driven military decisions to have a huge impact on the future of the continent. This book traces the final operations of the war, from the liberation of Denmark, the Allied drive towards the Baltic straits, incursions in Yugoslavia, Hungary, Czechoslovakia and engagements in Eastern and Western Germany, whilst also analyzing how the Allied strategies in the final days of the war were a hint of the future difficulties that would drive the Cold War.

Rise And Fall Of The Third Reich Dec 06 2020 The classic history of Adolph Hitler's rise to power and his dramatic defeat
